The Association shall advise the Board in writing of its action within five (5) days following the ratification vote. Following such ratification, the Agreement shall be subject to ratification by the Board at an official meeting which shall take place within ten (10) days of the date on which the Association notifies the Board that it has ratified the tentative agreement. Upon ratification of the tentative agreement by the Board, the agreement will be executed in accordance with Article 2.3. If either the Association or the Board fails to ratify the tentative agreement, the negotiating team for the party failing to ratify will promptly notify the other negotiating team. Following such notification, negotiations will resume as provided in this Article 4.2.

4.2.6 The phrase “during negotiations” as used above shall mean from the “first meeting” referred to in Articles 4.1.2 and 4.2.1 until impasse has been declared pursuant to Article 4.3.1.

4.3 Impasse Procedure

4.3.1 Either negotiating team may declare impasse at any time. The negotiating team declaring the impasse shall submit the declaration of impasse in writing to the other negotiating team.

4.3.2 The issues in dispute shall be submitted to a mediator in an effort to induce the negotiating teams to reach voluntary agreement.

4.3.3 Representatives of the parties shall meet within three (3) days of the declaration of impasse to discuss the selection of a mediator. If a mediator cannot be mutually agreed upon, a mediator shall be selected in the procedure set forth below.

4.3.3.2 Each party shall have seven (7) days from postmarked date to postmarked date in which to cross off any name to which it objects, number the remaining names in order of its preference, and return the list to the AAA. If a party does not return the list within the time specified all persons named shall be deemed acceptable to such party.

4.3.3.3 From among the persons who have been approved on both lists, and in accordance with the designated order of mutual preference, the AAA shall invite the acceptance of a mediator.

4.3.3.4 If the parties fail to agree upon any of the persons named, or if those named decline or are unable to act, or if for any other reason appointment cannot be made from such list of names, the AAA shall appoint a mediator without submitting additional lists.

4.3.4 Conducting Mediation

4.3.4.1 The format, dates and times of meeting will be arranged by the mediator. Such meetings will be conducted in closed sessions, and no news releases shall be made concerning the progress of mediation.

4.3.4.2 The mediator will meet with the negotiating teams either separately or together.

4.3.4.3 The costs for the services of the mediator, including per diem expenses, if any, and actual and necessary travel expenses, shall be shared equally by the District and the Association.

4.3.4.4 Tentative agreements reached on issues submitted to the mediator shall be submitted to the process provided for in Article 4.2.5.

4.3.5 Fact Finding

4.3.5.1 If the mediation described above has failed to bring about agreement on all issues, either the District or the Association may request in writing that the issues which remain in dispute be submitted to a fact finder.

4.3.5.2 Representatives of the parties shall meet within three (3) days of the other party's receipt of such request to discuss the selection of a fact finder. If a fact finder cannot be

mutually agreed upon, a fact finder shall be selected in accordance with the procedures set forth in Article 4.3.3 above for selection of a mediator.

4.3.6 Conducting Fact Finding

4.3.6.1 The fact finder will have the authority to hold hearings and make procedural rules.

4.3.6.2 All hearings by the fact finder shall be held in closed sessions and no news releases shall be made concerning progress in such hearings.

4.3.6.3 Within a reasonable time not to exceed thirty (30) calendar days after the conclusion of such hearing, the submission of post-hearing briefs, or the submission of the transcript of the hearing, whichever occurs last, the fact finder shall submit a written report to the Board and the Association only, which shall set forth findings of fact, reasoning and recommendations on the issues submitted. The report shall be advisory only and binding neither on the Board nor the Association.

4.3.6.4 Within five (5) days after receiving the report of the fact finder, the negotiating teams will meet to discuss the report. No public release shall be made until after such meeting.

4.3.6.5 The respective parties shall take official action on the report of the fact finder no later than fifteen (15) days after the meeting described in Article 4.3.6.4 in the manner described in Article 4.2.5.

4.3.6.6 The costs for the services of the fact finder, including per diem expenses, if any, and actual and necessary travel expenses shall be shared equally by the Board and the Association.

4.3.6.7 Either party may arrange for a stenographic record to be taken of the hearing, or that the hearing be recorded electronically. If a stenographic record is taken, a copy of the transcript shall be provided to the fact finder upon the fact finder's request. The party requesting a stenographic record shall pay the cost thereof, except that if the other party shall request a copy of any transcript, or seek access to such transcript, that party shall share equally the entire cost of making the stenographic record.

4.3.7 Miscellaneous

4.3.7.1 The parties may agree to reverse the order of mediation and fact finding, or the parties may agree that mediation and fact finding shall take place simultaneously.

ARTICLE 5 – GRIEVANCE PROCEDURE

5.1 Definitions

5.1.1 A grievance is a dispute, disagreement or controversy concerning the interpretation or application of this Agreement. In addition, any personnel policy adopted by the Board of Education directly applicable to teachers which is not covered in this Agreement shall be grievable; provided, however, that the term grievance shall not apply to any matter for which the method of review or action is prescribed by law, or the board is without authority to act.

5.1.1.1 This Agreement contains several references to Board policies. Except as otherwise provided above, such references shall not be interpreted as incorporating such Board policies into this Agreement or as making such Board policies grievable under the terms of this Agreement.

- 5.1.2 Aggrieved shall mean the teacher, teachers or Association submitting a complaint.
- 5.1.3 The approved grievance and resolution forms used on all levels of the grievance process shall mean the forms attached in Appendix K of the Agreement.

5.2 Procedure

5.2.1 Level One

- 5.2.1.1 A grievance will be discussed with the aggrieved's principal or immediate supervisor with the objective of resolving the matter informally, at which time, the principal and the aggrieved may discuss the grievance personally, or, if the aggrieved desires, the aggrieved shall be represented and/or accompanied by a member of the Association. The principal may be accompanied by a representative of the Administration.
- 5.2.1.2 If the principal or immediate supervisor determines that he or she does not have the authority to deal with the grievance, he or she shall, within two (2) days of the initial discussion of the grievance, refer the grievance in writing to the appropriate administrator with a copy to the aggrieved. The appropriate administrator shall comply with the procedures set forth in this Article.
- 5.2.1.3 Prior to, at, or within five (5) days of the informal discussion, the aggrieved shall identify to the principal or immediate supervisor that the discussion of that subject matter is or may become a grievance. Within five (5) days of said identification or the informal discussion, whichever is later, the principal or immediate supervisor and the aggrieved shall complete the Grievance Resolution Form (Appendix K-1). However, the principal or immediate supervisor and the aggrieved may mutually agree to not complete the Grievance Resolution Form. The principal or immediate supervisor shall maintain the original completed Grievance Resolution Form and a copy shall be provided to the aggrieved, the Association Grievance Representative, and the Assistant Superintendent of Human Resources or designee.

5.2.2 Level Two

- 5.2.2.1 If the grievance is not addressed to the satisfaction of the aggrieved within five (5) days of its discussion at Level One, it shall be stated in writing, on the approved Association Grievance Form (Appendix K-2), signed by the aggrieved, and filed with the Assistant Superintendent of Human Resources. A copy of any completed Grievance Resolution Form shall be attached to the grievance form, along with any other pertinent documents for the grievance. A copy of the Level Two Association Grievance Form, including any attachments, shall be provided to the principal or immediate supervisor involved in the Level One grievance.
- 5.2.2.2 Within five (5) days after receiving the grievance, the appropriate administrator shall communicate a written decision to the aggrieved.
- 5.2.2.3 A grievance brought forth by the Association may begin on Level Two.

5.2.3 Level Three

- 5.2.3.1 If the aggrieved is not satisfied with the disposition of the grievance at Level Two, or if no written decision has been rendered within five (5) days after the written grievance is filed with the principal, the aggrieved may, within five (5) days thereafter, file the grievance in writing with the Association.

- 5.2.3.2 If the Association deems the grievance meritorious, the Association will file the grievance with the Superintendent within five (5) days after its receipt of the grievance. A copy of the Level Two Association Grievance Form and attachments, along with any Level Two written response shall be attached to the Level Three grievance form and the grievance shall specify the affected teacher, teachers, or building involved.
 - 5.2.3.3 The Superintendent and/or a representative will meet with the aggrieved and the Association representative within five (5) days after the Superintendent's receipt of the grievance to hear and, if possible, to resolve the grievance.
 - 5.2.3.4 Meetings will be scheduled through the Association representative as designated in the Level Three grievance procedure, at a mutually convenient time.
- 5.2.4 Level Four
- 5.2.4.1 If the aggrieved and the Association are not satisfied with the decision at Level Three, or if no decision is reached within ten (10) days after the meeting described in Article 5.2.3.3, the aggrieved may, within five (5) days thereafter, request the Association to submit a grievance that involves a dispute, disagreement or controversy concerning the interpretation or application of this Agreement to arbitration. If the Association deems the grievance meritorious, it may, within fifteen (15) days thereafter, demand arbitration by filing a written demand with the Superintendent of his designee. The written demand shall include copies of all attachments and responses, if any, from Levels One through Three. If the Association deems the grievance not meritorious, it shall so advise the aggrieved and the Board.
 - 5.2.4.2 Representatives of the parties shall meet within five (5) days of the District's receipt of the written demand for arbitration to discuss the selection of an arbitrator. If an arbitrator cannot be mutually agreed upon, an arbitrator shall be selected in the following manner:
 - 5.2.4.2.1 Within two (2) days of the date on which representatives of the parties meet to discuss selection of an arbitrator, representatives of the parties shall jointly request the AAA to submit simultaneously to each party identical lists of the names of at least five (5) persons skilled in the arbitration of education matters.
 - 5.2.4.2.2 From among the persons who have been approved on both lists, and in accordance with the designated order of mutual preference, the AAA shall invite the acceptance of an arbitrator.
 - 5.2.4.2.3 If the parties fail to agree upon any of the persons named, or if those named decline or are unable to act, or if for any other reason appointment cannot be made from such lists of names, the AAA shall appoint an arbitrator without submitting additional lists.
 - 5.2.4.3 The arbitrator will have the authority to hold hearings and make procedural rules. The arbitrator will issue a report within a reasonable time not to exceed thirty (30) calendar days after the close of hearings, the submission of post-hearing briefs, the submission of the transcript of the hearing, or, in the event oral hearings have been waived, then from the date the final settlement and evidence are submitted.
 - 5.2.4.4 The hearing shall be scheduled by the arbitrator or upon the agreement of the parties. The hearing shall be closed, and no news releases shall be made concerning it. If the hearing is conducted during the work day, the aggrieved will be released with pay from his or her normal assignment to attend the hearing. In addition, if the hearing is

conducted during the work day of a witness who is employed by the District, the witness will be released with pay from his or her normal assignment for the period of time his or her presence at the hearing is required. Arrangements for release of witnesses, if any, and the aggrieved shall be made through the Assistant Superintendent of Human Resources no fewer than three (3) days in advance of the hearing.

- 5.2.4.5 The arbitrator's report shall be simultaneously submitted in writing to the Board and the Association only, and shall set forth the arbitrator's findings of fact, reasoning, conclusions and recommendations on the grievance. The arbitrator's recommendations shall be consistent with law and with the terms of this Agreement. The report shall be advisory only and binding neither on the Board nor on the Association.
- 5.2.4.6 The arbitrator's function shall be limited, after due investigation, to the interpretation and construction of the specific articles of the Agreement.
- 5.2.4.7 Within five (5) days after receipt of the report of the arbitrator, the representatives of the parties will meet upon request of either party to discuss the report. No more than five (5) persons representing each party shall attend these meetings. No public release may be made until after such meeting.
- 5.2.4.8 The cost of the services of the arbitrator, including per diem expenses, if any, plus actual and necessary travel and subsistence expenses, shall be shared equally by the parties.
- 5.2.4.9 The Board shall act on the report of the arbitrator not later than thirty (30) calendar days after the meeting referred to in Article 5.2.4.7 above; or, if no such meeting is requested, then not later than twenty (20) days after receipt of the report of the arbitrator.
- 5.2.4.10 Either party may arrange for a stenographic record to be taken of the hearing, or that the hearing be recorded electronically. If a stenographic record is taken, a copy of the transcript shall be provided to the arbitrator upon the arbitrator's request. The party requesting a stenographic record shall pay the cost thereof, except that if the other party shall request a copy of any transcript, or seek access to such transcript, that party shall share equally the entire cost of making the stenographic record.

5.3 Rights of Teachers to Representation

- 5.3.1 Neither the Board nor any member of the Administration shall take reprisals affecting the employment status or working conditions of any teacher, Association representative, or any other participant in the grievance procedure by reason of such participation.

5.4 Miscellaneous

- 5.4.1 Decisions rendered at Levels Two and Three of the grievance procedure will be in writing setting forth the decision and the reasons therefore and will be transmitted promptly to all parties in interest and to the Association.
- 5.4.2 No written or printed material dealing with the processing of a grievance will at any time become a part of the teacher's District personnel file or building file of the aggrieved party or any other party in interest.
- 5.4.3 No grievance shall be recognized by the Board or the Association unless it shall have been presented at Level One within thirty (30) days after the aggrieved person knew or should have known of the act or condition on which the grievance is based, and if not so presented, the grievance will be considered as waived.

- 5.4.4 The aggrieved shall, on the appropriate form, briefly state the facts giving rise to the grievance; refer to the specific Article and sub-Article of this Agreement alleged to have been violated; and specify the relief sought. All Articles and sub-Articles of this Agreement alleged to have been violated and all evidence in support of such alleged violations shall be introduced at or before Level Three of this grievance procedure.
- 5.4.5 If, at any time, either party disputes the arbitrability of any grievance under the terms of this Agreement, such dispute may be submitted to arbitration in accordance with the procedures established by this Article.
- 5.4.6 Failure by the aggrieved at any level of this grievance procedure to appeal the grievance to the next level within the time limits provided for shall be deemed to be acceptance of the decision rendered at that level.
- 5.4.7 To facilitate operation of the grievance procedures, appropriate forms for filing, for serving notices, for making appeals, for making reports and recommendations, and any other necessary documents will be jointly prepared and distributed by the Superintendent (or a representative) and the Association.
- 5.4.8 To facilitate the operation of this grievance procedure, when two (2) or more teachers have filed the same or substantially similar grievances at the same time, such grievances may, upon the request of the aggrieved teachers and the approval of the Association, be consolidated when they reach Level Three.

ARTICLE 6 – SUPERVISION AND EVALUATION

6.1 Definitions

- 6.1.1 Consistent with state law, the purpose of supervision and evaluation is to promote the growth and development of students, teachers, and leaders. This process shall serve as a basis for the continuous improvement of professional practice and student learning. The evaluation process also serves as an annual measurement and documentation of professional practice and professional growth goals/measures of student learning (MSLs) to determine the annual teacher effectiveness rating at the end of each academic year. Professional Practice ratings will represent seventy (70%) percent of the final overall rating and Professional Growth Goals/Measures of Student Learning (MSLs) ratings will represent thirty (30%) percent of the final overall rating.
- 6.1.2 Evaluator shall refer to the licensed administrator and/or administratively licensed and trained dean assigned to conduct the supervision and evaluation process with a teacher. Instructional coaches, literacy coaches, and mentors shall not serve as evaluators.
- 6.1.3 Artifacts/multiple data sources provided by the teacher and the evaluator will be used in assessing a teacher's performance. This data may include, but not be limited to, a formal observation.
- 6.1.4 When a formal observation is conducted, the observation shall be a minimum of twenty (20) minutes. These classroom visits shall be conducted with the knowledge of the teacher whose classroom teaching performance is being observed. Evaluators shall not be required to give prior notice to the teacher of such visits. A face-to-face post-observation conference shall be held within seven (7) working days of the observation.
- 6.1.5 A walk-through is a focused classroom visit for a brief period of time supported by documentation provided to the teacher by the evaluator within seven (7) working days of the visit, including but not limited to reflection and /or opportunity for conversation about teaching and learning. A walk-through is considered one (1) type of informal observation.

- 6.1.6 Formal and informal observation data will be written and provided to teachers in a timely manner and recorded and shared in writing or in the online evaluation management system. The teacher has the right to respond to the data shared either in writing or electronically.
- 6.1.7 Instructional coaches, literacy coaches, and mentors will be used as a data source when initiated by the teacher. Hearsay information shall not be used as a data source.
- 6.1.8 Artifacts are data sources that may include the documents, materials, processes, strategies, and other information that result from the normal and customary day-to-day work of any teacher. It is not necessary to document artifacts for each Standard of the assigned rubric.

Artifacts may be shared at any step in the evaluation process. Such artifacts should be submitted to the evaluator or teacher in a timely manner and discussed at the appropriate post-observation conference, mid-year review meeting, initial end of year report meeting and/or end of year report meeting.

- 6.1.8.1 Artifacts are helpful to discussions between the evaluator and the teacher being evaluated. However, teachers and their evaluators may choose to limit or not to use any artifacts so long as they agree on rating levels.
 - 6.1.8.2 Artifacts should be used if either the teacher being evaluated, or the evaluator believes that additional evidence is required to confirm the accuracy of the teacher's performance.
 - 6.1.8.3 No evaluation information shall be gathered by electronic recording devices without the consent of the teacher being evaluated.
- 6.1.9 Measures of Student Learning (MSLs) data will include: include three (3) goals measuring student learning as indicated below:
- Goal 1: Collective Measure of Student Learning – School or Team Goal that is mutually determined by the teacher and evaluator.
 - Goal 2: Individual Measure of Student Learning – mutually determined by the teacher and evaluator.
 - Goal 3: Professional Growth Goal – Specific Teacher Action mutually determined by the teacher and evaluator.

Data for each goal shall be gathered, reviewed and shared with the teacher as such information is collected throughout the year.

- 6.1.10 Feedback is data-driven information that is regularly provided to help guide the teaching and learning process. The evaluator and the teacher shall engage in timely, on-going, and specific conversations to provide opportunities to improve professional practice and student learning. Observations, feedback and conversations will be documented by the evaluator and shared in writing or made available in the online evaluation management system.
- 6.1.11 An End of Year Review Report is a document prepared for the purpose of identifying annual teacher effectiveness ratings and identifying the recommendation for future employment. The End of Year Review Report shall be based on data and information collected through implementation of the annual evaluation process. This report shall include the summary of strengths and weaknesses, recommendation(s) for professional growth, the dates of any required classroom visits, the dated online signatures of teacher and evaluator, and the option of a teacher response.
- 6.1.12 "Probationary teacher" is a teacher who has not completed three (3) full years of continuous employment at 0.58 FTE or more with the employing school district and who has not been

reemployed for the fourth year, or a non-probationary teacher who has been rated less than effective for two (2) consecutive years.

6.1.13 An improvement plan may be developed when performance concerns arise from direct observation of a non-probationary teacher (see Article 6.3).

6.1.14 A remediation plan may be developed when performance concerns exist for non-probationary teachers and is indicated in the End of Year Review Report (see Article 6.4).

6.2 Evaluation Process

6.2.1 All probationary teachers (first three (3) years in district) and non-probationary teachers (beginning of fourth year in the district) being evaluated using the District's rubric process shall receive an End of Year Review Report every academic year based on the data and information collected through the assigned rubric. The evaluation shall include a minimum of two (2) formal observations for probationary teachers and a minimum of one (1) formal observation and one (1) informal observation for non-probationary teachers.

6.2.1.1 Teachers may request additional formal classroom observations from their evaluator. The request must be made no later than February 28.

6.2.1.2 Evaluators shall assign evaluations based on the following rubric processes:

- Certified Rubric (for classroom teachers)
- SSP Rubric (for specialized services providers only - audiologists, school counselors, school nurses, occupational therapists, school orientation and mobility specialists, physical therapists, school psychologists, social workers & speech-language pathologists)
- Coach/Mentor Rubric (for any full-time teachers in a non-teaching role, such as: coaches/mentors, curriculum specialist, clinical professors & other professional development positions)

6.2.1.3 Probationary teachers in their second and third years of employment in the district and non-probationary teachers who have received an overall rating of Effective or Highly Effective will have the option to be evaluated using the Alternative Options process in Article 6.2.4.

6.2.1.4 Evaluators may choose to change the evaluation of any probationary or non-probationary teacher from an Alternative Option to the rubric process at or before the Mid-Year Review Meeting.

6.2.2 By September 15, the assigned evaluator shall meet with the teachers being evaluated to explain the supervision and evaluation process, including a review of the required steps, timeline for completion and an overview of the online management system that will be used to document the evaluation process. Additionally, the evaluator shall review the Alternative Options available to second and third year probationary teachers and non-probationary teachers who have received an overall rating of Effective or Highly Effective. Teachers being evaluated will be provided with electronic access to a copy of the rubric and alternative options forms that will be assigned to them and data collection sources to be used will be identified. Guidance on the development and recording of individual Professional Growth Goals/Measures of Student Learning (MSLs) will also be provided. Attendance and participation at this meeting will be documented.

6.2.2.1 By October 15, the teacher shall propose the required professional growth goals and individual classroom growth Measures of Student Learning (MSLs), and the data to be used to measure them. These will be shared with their evaluator for review and approval using the online management system.

- 6.2.2.2 By October 31, the evaluator shall review the proposed professional growth goals and individual classroom Measures of Student Learning (MSLs) and provide final approval using the online management system or meet with the teacher to revise and approve the professional growth goals and MSLs.
- 6.2.2.3 The evaluator will engage in on-going data collection through formal and informal observations. On-going conversations may be formal or informal. Formal meeting times will be scheduled collaboratively. At least one (1) formal observation must be completed prior to the mid-year review meeting.
- 6.2.2.4 By January 31, the evaluator and teacher shall meet for a Mid-year Review Meeting. Evaluators must conduct a Mid-year Review Meeting for all teachers being evaluated, regardless of the evaluation process used. The evaluator and the teacher will provide and discuss evidence/artifacts at this meeting of progress towards professional growth goals and the individual classroom growth Measures of Student Learning (MSLs). Any evaluator concerns known at the time will be discussed at this meeting, along with specific suggestions for improvement. The evaluator shall provide the teacher with a current performance overview in the online management system and a copy of the mid-year ratings on the assigned rubric. Teachers being evaluated using Alternative Option 2 or Alternative Option 3 must submit a self-reflection to the evaluator at the mid-year review meeting.
- 6.2.2.5 By April 20, the evaluator shall complete and share with the teacher an Initial End of Year Review Report based upon the information and data collected. The Initial End of Year Review Report shall contain a copy of the final ratings for the assigned measuring the professional practices of the teacher, a summary of strengths and weaknesses, professional growth recommendations, the dates of at least two (2) documented classroom visits, a recommendation for teacher employment for the following academic year, the dated online signatures of both the teacher and the evaluator, and the option of a teacher response. A teacher or evaluator may request a meeting to discuss the Initial End of Year Review Report. Should the teacher not agree on the ratings in the Initial End of Year Review Report, the teacher shall provide additional evidence or artifacts to the evaluator and then request a meeting to review this information. This meeting shall be held within seven (7) workdays of receiving the Initial End of Year Review Report. Additional evidence or artifacts must be provided to the evaluator at least twenty-four (24) hours prior to the meeting. A decision on the Final Initial End of Year Review Report shall be given to the teacher during this meeting. The teacher shall sign the Initial End of Year Review Report using the online evaluation management system. The teacher's online signature indicates only that the teacher has received, read, and had the opportunity to discuss the Initial End of Year Review Report. The teacher may choose to respond in writing to the Initial End of Year Review Report within ten (10) working days and this response shall be attached to the Initial End of Year Review Report. Evaluators and teachers must complete an end of year summary based on the requirements of the individual option for all teachers being evaluated using the Alternative Option process.
- 6.2.2.6 By May 15, the evaluator shall review the final data provided by the teacher regarding the Measures of Student Learning (MSLs) to establish final MSLs ratings. A copy of the Final End of Year Review Report, including the final professional practices ratings, final MSLs ratings, the final overall rating, and the dated online signatures of both the teacher and the evaluator, shall be prepared, attached to the Initial End of Year Review Report and shared with the teacher. A teacher or evaluator may request a meeting to discuss the Final End of Year Review Report. Should the teacher not agree on the final MSLs ratings in the Final End of Year Review Report, the teacher shall provide additional data to the evaluator and then request a meeting to review this information. This meeting shall be held within seven (7) work days of receiving the Final End of

Year Review Report. Additional data must be provided to the evaluator at least twenty-four (24) hours prior to the meeting. A decision on the final MSLs rating shall be given to the teacher during this meeting. The teacher shall sign the Final End of Year Review Report using the online evaluation management system. The teacher's online signature indicates only that the teacher has received, read, and had the opportunity to discuss the Final End of Year Review Report. The teacher may choose to respond in writing to the Final End of Year Review Report within ten (10) working days and this response shall be attached to the Final End of Year Review Report.

6.2.2.7 A copy of the Initial and Final End of Year Review Report, including any teacher response, shall be submitted to Human Resources and placed in the teacher's personnel file.

6.2.3 The Board or the Administration may require additional data from teachers.

6.2.4 Alternative Options Process

Probationary teachers in their second and third years of employment in the district and non-probationary teachers with an overall rating of Effective or Highly Effective have the option to be evaluated using one (1) of the Alternative Options listed below. The Alternative Options process is available only upon request of the teacher and with evaluator approval. Teachers must make the request by October 15. Eligible teachers may request to be evaluated on the rubric process rather than selecting an Alternative Option.

Teachers who select an Alternative Option will retain their evaluation ratings from previous school year for the upcoming school year. With evaluator approval, teachers may select an Alternative Option for two (2) consecutive years. After two (2) years, the teacher will then be evaluated using the rubric process beginning a cycle of updated professional practice ratings every third year, so long as they maintain a Final End of Year Review Report rating of effective and/or highly effective.

6.2.4.1 Option 1 – Observations and Walk-through Process (*Second and Third Year Probationary and Non-probationary Teachers, who received an overall rating of Effective or Highly Effective*)

Teachers work collaboratively with their evaluator in determining which standards and/or elements from the appropriate rubric to focus on for the year. The teacher will submit a Professional Growth Goals/MSL Plan to the evaluator that includes three (3) goals to focus on for the year as indicated below:

- Goal 1: Collective Measure of Student Learning – School or Team Goal that is mutually determined by the teacher and evaluator.
- Goal 2: Professional Growth Goal – Specific Teacher Action that is aligned with an element from the appropriate evaluation rubric determined by the teacher.
- Goal 3: Professional Growth Goal – Specific Teacher Action that is aligned with an element from the appropriate evaluation rubric mutually determined by the teacher and evaluator.

At the mid-year review meeting the evaluator and teacher will discuss the progress on the Professional Growth Goals/MSL Plan and document at least one (1) observation by the evaluator.

The teacher will submit a final Professional Growth Goals/MSL Plan progress summary to the evaluator at the end of the year. The length of the summary is determined by the teacher. The final summary will be the teacher's evaluation summary.

The evaluator shall prepare an End of Year Report that includes documentation of additional observations/walk-throughs; a summary of strength, weaknesses and professional growth recommendations; and a recommendation of employment for the following year.

6.2.4.2 Option 2 – Self-Reflection Process (*Second and Third Year Probationary and Non-probationary Teachers, who received an overall rating of Effective or Highly Effective*)

Teachers work collaboratively with their evaluator in determining which standards and/or elements from the appropriate rubric to focus on for the year. The teacher will submit a Professional Growth Goals/MSL Plan to the evaluator that includes three (3) goals to focus on for the year as indicated below:

- Goal 1: Collective Measure of Student Learning – School or Team Goal that is mutually determined by the teacher and evaluator.
- Goal 2: Professional Growth Goal – Specific Teacher Action that is aligned with an element from the appropriate evaluation rubric determined by the teacher.
- Goal 3: Professional Growth Goal – Specific Teacher Action that is aligned with an element from the appropriate evaluation rubric mutually determined by the teacher and evaluator.

At the mid-year review meeting the teacher will submit a self-reflection that includes progress on the Professional Growth Goals/MSL Plan to the evaluator.

The teacher will submit a final self-reflection (update of initial reflection) to the evaluator at the end of the year. The length of the self-reflection is determined by the teacher. The final self-reflection will be the teacher’s evaluation summary.

The evaluator shall prepare an End of Year Report that includes a recommendation of employment for the following year and optional evaluator comments.

NOTE: Teachers using Option 2 (Self-Reflection Process) during the 2024-2025 school year may voluntarily participate in the AI Enhanced Self-Reflection Process Pilot listed in Appendix J – Memorandum of Understandings of the Agreement to support the self-reflection process listed in 6.2.4.2 above.

6.2.4.3 Option 3 – Peer Observer Process (*Second and Third Year Probationary and Non-probationary Teachers, who received an overall rating of Effective or Highly Effective*)

Teachers work collaboratively with their evaluator in determining which standards and/or elements from the appropriate rubric to focus on for the year. The teacher will submit a Professional Growth Goals/MSL Plan to the evaluator that includes three (3) goals to focus on for the year as indicated below:

- Goal 1: Collective Measure of Student Learning – School or Team Goal that is mutually determined by the teacher and evaluator.
- Goal 2: Professional Growth Goal – Specific Teacher Action that is aligned with an element from the appropriate evaluation rubric determined by the teacher.
- Goal 3: Professional Growth Goal – Specific Teacher Action that is aligned with an element from the appropriate evaluation rubric mutually determined by the teacher and evaluator.

Teachers are observed by a District trained peer observer who conducts a minimum of one (1) pre-observation meeting, formal observation and post-observation meeting. The post-observation meeting must be held within seven (7) work days from the

observation date. Peer observers will use their plan time for all meetings and observations.

Non-probationary teachers will receive a minimum of one (1) informal observation from their evaluator in addition to the required formal observation by the peer observer.

At the mid-year review meeting the teacher will submit a self-reflection that includes progress on the Professional Growth Goals/MSL Plan to the evaluator.

A final self-reflection (update of initial reflection) will be submitted to the evaluator at the end of the year. The final self-reflection must include an update on the progress on the Professional Growth Goals/MSL Plan and a summary of the overall peer observation experience. The length of the self-reflection is determined by the teacher. The self-reflection will be the teacher's evaluation summary. The peer observer or teacher will also submit dates and times of the observation(s) to the evaluator to be included in the final evaluation summary.

The evaluator shall prepare an End of Year Report that includes a recommendation of employment for the following year and optional evaluator comments.

To support peer observers, the district will offer peer observation training. Due to the time commitment for the observation(s) and training, the district will provide one-half (0.50) staff development credit for each peer evaluator. (No extra-duty or class coverage pay will be provided by the district).

6.3 Teacher Improvement Plan

- 6.3.1 Upon receiving a rating of “partially ineffective” or “ineffective” on the assigned rubric, a non-probationary teacher may be provided with a Teacher Improvement Plan (TIP). The TIP shall be provided as soon as practicable.
- 6.3.2 The goal of a Teacher Improvement Plan (TIP) is the improvement of teaching practice.
- 6.3.3 The Teacher Improvement Plan (TIP) shall be developed in consultation with the teacher, and Association representation shall be afforded at the teacher's request.
- 6.3.4 A Teacher Improvement Plan (TIP) shall clearly specify:
- The standards/elements in need of improvement;
 - Strategies and activities to achieve an effective rating;
 - Timelines to provide for periodic reviews of progress toward achievement of an effective rating;
 - How improvement will be measured and monitored, and;
 - The appropriate differentiated professional development opportunities, peer observations(s), materials, resources and support the District may make available to assist the teacher including, where appropriate, the assignment of a coach or mentor teacher.
- 6.3.5 After the Teacher Improvement Plan (TIP) is in place, the teacher, administrator, coach or mentor (if one (1) has been assigned) and an Association representative (if requested by the teacher) shall meet, according to the timeline identified in the TIP, to assess progress. Based on the outcome of such assessment(s), the TIP shall be modified accordingly.

6.4 Remediation

- 6.4.1 If performance concerns continue to exist for any non-probationary teachers on a Teacher Improvement Plan, the Final End of Year Review Report shall state that the teacher is recommended for remediation.
- 6.4.2 If the Assistant Superintendent of Human Resources, or designee, approves the recommendation for remediation, the teacher will be placed on a remediation plan.
- 6.4.3 Within the first thirty (30) calendar days of the following school year, a meeting to review the process, and to develop and implement the remediation plan shall occur. This meeting shall include the teacher, the evaluator, and the Assistant Superintendent of Human Resources, or designee. The teacher may choose to have a representative present.
- 6.4.4 Consistent with Colorado Revised Statute-22-9-106 the remediation plan will be developed jointly in writing and shall include the following:
- A clear statement of the problem as identified using the assigned rubric.
 - A definition of satisfactory performance and a clear set of reasonable expectations in the identified deficient area(s).
 - A prescription for remediation which details a course of action and reasonable time expectations for the teacher to reach an acceptable level of performance.
 - A statement of the assistance, resources, materials and/or training opportunities available for the purpose of improving performance to a satisfactory level.
- 6.4.5 Nothing contained in this Article 6 shall be interpreted as placing any restrictions upon or condition precedent to the Board's right to dismiss a probationary or non-probationary teacher pursuant to the Teacher Employment, Compensation and Dismissal Act of 1990.

6.5 Appeals Process (applies to non-probationary teachers only)

- 6.5.1 Initial End of Year Review Reports ratings shall be provided to teachers no later than April 20 and Final End of Year Review Report ratings shall be provided to teachers no later than May 15.
- 6.5.2 Upon receipt of "partially effective" or "ineffective" on the assigned rubric, the teacher will have fifteen (15) calendar days from receipt of the Initial End of Year Review Report to file a written notice of intent to appeal and an additional thirty (30) calendar days to file the written appeal of their rating. The entire appeals process, up to and including the recommendation from the advisory panel, as defined in Article 6.5.8, to the superintendent, or designee, is to be completed within ninety (90) calendar days from the date the teacher files the written notice of intent to appeal. These time requirements may be waived by mutual agreement of the teacher and the District. The written intent to appeal and the written appeal must be filed with both the principal and Human Resources designee.
- 6.5.3 A teacher filing an appeal shall include all grounds for the appeal within a single written document. Any grounds not raised at the time the written appeal is filed shall be deemed waived.
- 6.5.4 Grounds for an appeal shall be limited to the following:
- The process was not followed as outlined in Article 6.2, and/or
 - The teacher disputes the Initial End of Year Review Report rating of partially effective or ineffective.

- 6.5.8 Appeals shall be decided in an advisory manner, by a five (5) member labor-management panel consisting of two (2) representatives designated by the Association President or his/her designee, two (2) representatives designated by the Superintendent or his/her designee and a fifth member jointly selected by the Association and District. The recommendation of the labor management advisory panel will be provided to the Superintendent, or his/her designee, in writing within ninety (90) calendar days from the date the teacher filed the written notice of intent to appeal. The Superintendent, or his/her designee, shall review the recommendation of the labor management advisory panel and will make the final decision and notify the teacher of the decision in writing.
 - 6.5.8.1 If the Association and District are unable to mutually select the fifth panel member within five (5) calendar days, the panel shall remain at four (4) members.
 - 6.5.8.2 All panelists appointed by the Association and District shall be certified evaluators trained by CDE or trained by mutually agreed upon third party.
 - 6.5.8.3 The panelist shall serve a three (3) year term.

ARTICLE 7 – TEACHER FILES

- 7.1 The teacher shall have the right to review the contents of the teacher’s District personnel file and building file, except for confidential references given prior to the time of employment.
- 7.2 Any complaint directed toward a teacher shall not become a matter of formal record until the building principal or appropriate administrator has discussed the complaint with the teacher and conducted whatever investigation the administrator deems appropriate. (See Appendix E.) Teachers are entitled to know the identity and source of all such complaints. Teachers may request, through their building principal, a conference with the person making the complaint. If the principal determines that a conference is appropriate under the circumstances, the principal will attempt to make the necessary arrangements.
 - 7.2.1 Any comments of a positive nature which are submitted for inclusion in a teacher’s personnel file by the teacher’s immediate supervisor shall be brought to the attention of the teacher, signed by the teacher, and then placed in the file.
- 7.3 No materials derogatory to a teacher’s conduct, service, character, or personality shall be placed in that teacher’s building file or the District’s personnel file unless the teacher has read such materials. The teacher shall acknowledge reading such materials by signing the copy to be placed in the file, understanding that the signature merely means that the teacher has read such materials and does not mean that the teacher necessarily agrees with the statements contained therein. The teacher shall have the right to file a written reply to such materials within ten (10) days of their being placed in the file. The reply shall be attached to the report to which it pertains.
- 7.4 Teachers may duplicate only materials that do not include pre-employment information which are contained within such files. This may be done for their own use and at their own expense.
- 7.5 If a teacher believes that certain material in the teacher’s files contains an inaccurate commentary concerning the teacher’s job performance, the teacher may file a grievance seeking removal of such material; provided, however, that this Article 7.5 shall not apply to observation or evaluation reports.

- 7.6 The District shall not publish or share information regarding the evaluation ratings of any licensed employee with anyone other than the employee who was the subject of the evaluation, District administrators, or other individuals legally entitled to review such information, unless the employee consents in writing that the evaluation ratings and information may be shared and with whom.

ARTICLE 8 – TEACHER HOURS AND LOADS

- 8.1 The work day for teachers and special service providers, as recognized in Articles 1.1 and 1.1.1 shall be seven (7) hours which shall include preparation periods as described in Articles 8.4 and 8.5 below. In addition to the seven (7) hour day, each teacher and special service provider shall receive a continuous and duty-free lunch period of at least thirty (30) minutes, but not to exceed sixty (60) minutes. The availability of internet-based technology, e-mail, and voicemail shall not modify the work day for teachers or special service providers as set forth in this Article 8.1.
- 8.2 Teachers shall not be assigned more than one hundred fifty (150) consecutive minutes of student contact each work day.
- 8.3 For teachers in elementary schools, a standard three hundred (300) minute pupil-teacher contact day is desirable and will be adhered to as nearly as possible.
- 8.4 Teachers and special service providers shall have an individual planning period of at least forty-five (45) continuous minutes during the student-teacher contact day. Due to the nature of the work of special service providers, the need for flexible scheduling of this planning time is recognized and should be coordinated between the principal and the special service provider.
- 8.5 Except under emergency circumstances, preparation periods which are during the student-teacher contact day shall be used for planning and preparation as determined by the teacher or special service provider.
- 8.6 Elementary teachers and special service providers shall have an individual preparation period of thirty (30) continuous minutes prior to the student start time. However, when teachers or special service providers are on their regularly scheduled duty and on days designated as Late State the thirty (30) minutes does not apply. On such Late Start days the thirty (30) minutes may be used for a faculty meeting.
- 8.7 Teachers and special service providers shall have the right to leave their school during their duty-free lunch period after notifying their principal, or their principal's designee.
- 8.7.1 Teachers and special service providers may leave during their planning time with prior approval from their principal or their designee.
- 8.8 Teachers and special service providers are obligated to attend back-to-school nights, District-scheduled parent conferences and other school activities and meetings which do not require the supervision of students, and which have traditionally been held outside the work day. Attendance at all other activities which require supervision of students shall be voluntary on the part of the teacher or special service provider. The Association recognizes the need for adequate supervision of after-school student activities and encourages teachers and special service providers to volunteer to assist in such activities.
- 8.8.1 The District and the Association recognize the value of scheduled parent-teacher conferences. Should a building leadership team determine that less than the entire twenty-eight (28) hours for parent teacher conferences (as referenced on the District annual calendar) are needed to fulfill such obligations, the staff is to utilize Article 39.4 to collaboratively determine dates and times of parent teacher conferences and the use of any remaining time outside of parent-teacher conferences.
- 8.9 Teachers and special service providers are required to participate in up to two (2) hours per month (during the months of September, October, November, January, February, March, and April) in meetings

that are directly tied to school/district goals. Teachers and special service providers are required to participate in up to one (1) hour per month in the months of December and May in meetings that are tied directly to school/district goals. The hours will be supervisor directed.

- 8.9.1 At the beginning of each year, a general plan for how the hours of supervisor directed meeting time is to be spent will be created using Article 39. The general plan shall be shared with staff by the September late start day. The general plan may be revised as necessary during the school year. When developed, the general plan, and any revisions, shall be shared with the appropriate area assistant superintendent. At least five (5) days' notice of the date and time of such meetings shall be provided, and such activities shall be contiguous with the work day.
 - 8.9.1.1 This general plan of supervisor directed meeting times may integrate differentiated professional development/collaboration time that aligns with building goals, school focus, grade level teams, and/or curricular departments whenever applicable and appropriate. The objective of differentiated professional development/collaboration time is to provide a variety of learning opportunities that consider level of experience and/or content areas to improve professional practice.
- 8.9.2 With consensus of the teachers and special service providers, two (2) of these hours may be used one (1) time per year for required attendance at one (1) showcase event (open house at the secondary levels, parent update meeting at the elementary level, and focus school event). The final decision regarding changes in the use of this time will be made using the Collaborative Decision-Making process in Article 39 and included in the required general plan.
- 8.10 The teacher and special service provider work year calendar shall include five (5) days designated as Teacher Work Days, the use of which shall be determined by the teacher or special service provider, except as set forth in 8.10.1 below. The calendar will also include three (3) Split Days, the use of which shall set forth as indicated in 8.10.3 below.
 - 8.10.1 Three (3) of the five (5) Teacher Work Days shall be scheduled at the beginning of the contract year and prior to the first student day. Up to one and one half (1.5) hours within the contract day on one (1) of these days may be used for building/department staff meetings. Up to three and one half (3.5) hours within the contract day on one (1) of these days may be used for District or building-directed professional development/collaboration in accordance with Article 39. The remaining two (2) Teacher Work Days shall be scheduled within the school year calendar.
 - 8.10.2 Two (2) of the Teacher Work Days shall be designated as Flex Place Days by the building or department calendar. During these Flex Place Days teachers and special service providers are not expected to remain at the school or department and may perform their work at a time and place of their own choosing. Written notification of the Teacher Work Days designated as Flex Place Days shall be provided to the building or department staff not later than June 30 of each year. Upon written notice by September 30th of each year, the District or building/department administrator may trade work days with professional development/compensation days so long as the total number of work days is not reduced.
 - 8.10.3 Two (2) of the three (3) Split Days shall be scheduled at the beginning of the teacher contract year and prior to the first student day. The remaining Split Day shall be scheduled during the school year as indicated in the annual school calendar. Up to three and one half (3.5) hours during the AM of each of these Split Days will be used for District or building-directed professional development, feeder articulation, instructional guidance activities (i.e., equity, diversity, cultural competency, literacy, blended learning, special education, etc.) as directed by building/department administration, and/or a District-wide convocation event. Three and one-half (3.5) hours during the PM of each Split Day shall be for teacher-directed work on building and classroom matters.

- 8.11 There will be seven (7) student contact days designated as Late Start days in the District. The Late Start days will be on the first Wednesday of each month, excluding the months of August, October and January, as set forth annually in the officially adopted school calendar.
- 8.11.1 Each Late Start will be a minimum of two and one-half hours (2.5) in duration within the contract day and take place prior to the student start time. This time shall be dedicated to District and Building goals. The final decision regarding this time will be made using the Collaborative Decision-Making Process in Article 39.
- 8.11.1.1 For teachers and special service providers in secondary schools, at least forty-five (45) continuous minutes of this time shall specifically be used for building department or team collaboration as determined by the teachers. Secondary teachers and special service providers shall receive individual plan time that is commensurate with the scheduled class time after Late Start time.
- 8.11.1.2 Teachers and special service providers in elementary schools shall have an individual plan period of at least forty-five (45) continuous minutes during the hours of each Late Start time.
- 8.11.1.3 Teachers and special service providers in PK-8, K-8 and 5-8 schools shall receive individual plan time of at least forty-five (45) continuous minutes either during or after the hours of each late start due to the unique scheduling and programming needs in these schools.
- 8.11.2 Late Start shall also integrate differentiated professional development/collaboration time when appropriate, as articulated in Article 8.9.1.1.
- 8.11.3 At the beginning of each year, a general plan for how the hours of late start meeting time are to be spent will be created using Article 39. The general plan shall be shared with the staff by the September late start day and may be revised as necessary during the school year. When developed, the general plan, and any revisions, shall be shared with the appropriate area assistant superintendent.
- 8.12 The Association and the District recognize that maximum attention to the students by the teacher is desirable to ensure high quality education and reasonable class size is an essential means to this end. Consideration will be given to class size/caseloads/total preps within the building. The Association and the District recognize the importance of balanced and equitable classrooms when assigning students with specialized programming needs to teachers within a grade level/department.
- 8.12.1 Administration will work collaboratively with departments, district level staff, and/or the building leadership team to review class size/caseloads, including the rationale and proposed use of the requested FTE. Requests shall be submitted by the building or department administrator to the appropriate Area Assistant Superintendent and human resources administrator. Administration will communicate with staff as part of this process.
- 8.12.2 Requests for resolving class size/caseload overages shall be reviewed by the Area Assistant Superintendent and human resources administrator to determine if the request merits moving forward to the Superintendent's Cabinet for final consideration of approval.
- 8.12.2.1 The requesting building or department administrator shall be notified of the decision to advance the request to the Superintendent's Cabinet for consideration.
- 8.12.2.2 The Association President shall also be notified of the decision to advance the request to the Superintendent's Cabinet for consideration and invited to attend the meeting when the request is considered.

- 8.12.2.3 The decision of the Superintendent’s Cabinet regarding the request for additional FTE shall be shared with the building or department administrator following the meeting.
- 8.13 When a teacher receives a District-initiated transfer or reassignment to a different room/location or is required to pack up the room due to construction/renovation, he/she shall be compensated for seven (7) hours per Appendix A, Paragraph 4.
- 8.14 There shall be at least five (5) minutes prior to student start time and after student dismissal within the teacher contract day.

ARTICLE 9 – ASSIGNMENTS

- 9.1 A mutual consent assignment shall mean that a teacher is assigned to a school with the consent of the hiring principal. The principal shall receive input from at least two (2) teachers employed at the school and chosen by the teachers at the school. The hiring principal shall make the final decision.
 - 9.1.1 The building Association Representative (AR), or designee, shall lead the process with the entire faculty to identify at least two (2) teachers and two (2) alternates to voluntarily serve on the building hiring committee(s). Hiring committees must be available to provide input throughout the hiring cycle(s). The unavailability of the teacher identified hiring committee member(s) shall not delay the hiring process.
- 9.2 The district reserves the right to place a Displaced Teacher, absent of mutual consent, into an assignment based on the district’s right to place them in a limited-term assignment.
 - 9.2.1 Limited term assignments include but are not limited to placement into a teaching assignment, substitute assignment, or instructional support role during the period in which the teacher is working to secure a mutual consent assignment.
- 9.3 Teachers shall be notified in writing of any changes in their assignments for the following academic year including the schools to which they will be assigned, the grades and/or subjects that they will teach, and any special or unusual courses that they will have as soon as practicable and, under normal circumstances, not later than the end of the academic year.
- 9.4 The assignment of teachers to specific buildings does not imply permanent assignment to a particular building.
- 9.5 Teachers are assigned to their major fields of preparation as nearly as possible. Except where circumstances dictate otherwise, teachers shall be assigned within the scope of the endorsement or endorsements on their teaching license or their major or minor fields of study.
- 9.6 In arranging schedules for teachers who are assigned to more than one (1) school, an effort will be made to hold the amount of inter-school travel to a minimum.

ARTICLE 10 – TRANSFERS AND VACANCIES

- 10.1 Definitions
 - 10.1.1 Transfer shall refer to a change in a teacher’s assignment which requires a move from one (1) school building or department to another.
 - 10.1.2 Reassignment shall refer to a change to a different grade level, department, instructional team or other instructional area within a school or department.

- 10.1.3 Any teacher with a break in District service, defined as not being under contract on the first contract day of the school year, who is subsequently re-hired for a teaching position in the District shall be hired in a first-year probationary status unless the teacher has previously achieved non-probationary status and meets the eligibility requirements to port their non-probationary status as defined by Colorado Revised Statutes, § 22-63-203.5
- 10.2 Reassignments
- 10.2.1 A teacher shall have the right to submit to the teacher's principal or supervisor a written request for or against reassignment to a specific grade level, department, instructional team or instructional area. Such a request shall state the teacher's qualifications for the assignment requested.
- 10.2.2 The principal or supervisor shall schedule a conference with the teacher to discuss the request within twenty (20) days of the principal's or supervisor's receipt of the request and will consider the request if the assignment requested becomes available prior to the following August 1.
- 10.2.3 Efforts will be made to avoid teachers being reassigned more than three (3) times within a five (5) year period.
- 10.3 Posting of District-Wide Vacancies
- 10.3.1 The Association and the District believe that having high quality educators hired for all positions as early as feasible is ideal for the student learning environment. In an effort to maximize the availability of quality candidates, all vacancies outside of the normal District-wide hiring window shall be posted as soon as feasible. Vacancies in teaching positions in the District shall be posted simultaneously internally and externally for a period of not fewer than five (5) work days.
- 10.3.1.1 Postings which are made during the ten (10) District work days prior to the first day of New Teacher Orientation (NTO) until the next District hiring cycle shall be for a period of not fewer than three (3) calendar days.
- 10.3.1.2 At the discretion of the District, twenty (20) work days preceding the first contract day of the school year, hiring pools for potential positions may be posted. These pools may be utilized for vacancies occurring in the ten (10) work days preceding the first contract day of the school year. In order to be considered for these positions, teachers currently employed in the District may enter these pools through the standard application process, and not through teacher-initiated transfers as defined in Article 10.6.
- 10.3.1.3 Should a specific position be posted during this period rather than filled from a centralized hiring pool, teacher-initiated transfer requests, as defined in Article 10.6, will be considered.
- 10.3.2 Teachers displaced because of staffing fluctuations shall have the opportunity to share their interests and placement needs with an administrator in Human Resources within ten (10) days of notification. For all displaced teachers the District will follow displacement and mutual consent assignments as defined by Colorado Revised Statutes, § 22-63-202 and shall provide each displaced teacher with a detailed explanation of the timeline and process.
- 10.3.3 All postings shall be displayed on the website.
- 10.3.4 The District will provide the Association with electronic notice of all postings on the date the posting is first active, and upon request current participants in the priority hiring pool.

10.4 Application Process

- 10.4.1 Any teacher who desires to be considered for transfer to a posted vacancy shall submit an application for the position to the Department of Human Resources prior to the deadline for applications set forth in the posting.
- 10.4.2 All such teachers meeting the qualifications for the position who are available will be considered for an interview in accordance with Article 10.6.1 below.

10.5 District-Initiated Transfers

- 10.5.1 When a principal or supervisor initiates a request for transfer of a teacher from the school to which the teacher is assigned, the principal or supervisor shall inform the teacher in writing of such request at the same time the principal or supervisor submits the request to the Department of Human Resources, or designee. Upon the teacher's written request, to the Department of Human Resources, or designee, the teacher will be granted a hearing regarding the reasons for the transfer. The request must be filed within three (3) work days of the principal's or supervisor's written notification to the teacher. The Department of Human Resources, or designee, will conduct said hearing within seven (7) work days. Within seven (7) work days of the close of the hearing, the Department of Human Resources, or designee, will communicate a written decision to the teacher.

10.6 Teacher-Initiated Transfers

- 10.6.1 Any teacher applying for a transfer for which he/she is qualified will be guaranteed a face-to-face screening interview, if available, unless they have been recommended for nonrenewal for performance concerns. Probationary teachers who have been recommended for nonrenewal due to leave returns or a decrease in the number of teaching positions shall be considered as part of the internal applicant pool and guaranteed an interview according to Article 10.6.1.1 below. Displaced teachers as defined in Article 1.13 shall be placed into the priority hiring pool and guaranteed interviews as indicated in Article 1.17.
 - 10.6.1.1 The principal or supervisor/hiring team shall not be required to interview a candidate more than once a year who applies for similar positions within the school.
 - 10.6.1.2 If an internal applicant is not granted an interview, the appropriate human resources representative will electronically or, in writing, communicate to each transfer applicant, upon his/her request, the reason(s) for the decision not to interview.
 - 10.6.1.3 During the ten (10) District work days preceding the first contract day of the school year and when a vacancy will be filled from a centralized District hiring pool, teacher-initiated transfer requests and the requirements for interviews listed above shall not be applicable. In such cases article 10.3.1.2 shall apply.
- 10.6.2 After teachers identified as overages due to staffing fluctuations and District-initiated transfers are assigned, teacher-initiated transfers will be considered and interviewed in accordance with Article 10.6.1. Consideration of the applicant shall include service to the district and that teacher's professional needs.
- 10.6.3 In accordance with SB 10-191 and Article 9 of this Agreement, teachers shall give the administration input throughout the hiring process.

- 10.7 Whenever practicable, teacher-initiated transfers and District-initiated transfers shall be effective at the beginning of the academic year, and the impacted teacher shall be notified in writing of such move by the end of the preceding academic year.

- 10.8 The Department of Human Resources, with the approval of the Superintendent, has final authority as to which teachers to recommend to the Board of Education.
- 10.9 The Department of Human Resources, with the approval of the Superintendent, will have the final authority to recommend to the Board the teacher to be placed in the vacancy.
- 10.10 The Department of Human Resources will inform and discuss with the principals and supervisors the needs of the employee in this area.

ARTICLE 11 – PROVISIONS FOR STAFFING FLUCTUATIONS AND STAFFING NEW SCHOOLS

- 11.1 The District may experience staffing fluctuations in an individual building or district-wide because of:
- Decreased enrollment
 - Decrease in the numbers of students selecting a given program
 - Elimination of or changes in instructional programs
 - Budget considerations
 - Opening of new schools
- 11.2 The Department of Human Resources will follow the procedures listed below to guarantee the most equitable resolution for the employees involved and the least impact on the educational program when it becomes necessary to alleviate staffing overages. An “overage” is a non-probationary teacher whose assignment no longer exists at the current location and for whom a placement must be made.
- 11.2.1 If staffing fluctuations require reductions in force (RIF) to alleviate the staffing overages, Article 36, Cancellation of Teaching Contracts shall be used for that purpose.
- 11.2.2 The first priority shall be to resolve the staffing overage within the building or program where the problem originates. In order to accomplish this, building administrators are encouraged to work with the appropriate Area Assistant Superintendent and Area Executive Director of Human Resources to use the following approaches to alleviate overages.
- The appropriate Area Assistant Superintendent, Area Executive Director of Human Resources and the Association will participate in a joint presentation to share the information with the staff so all can be aware of the problem and can assist in generating solutions at which time the parties may explore the following options:
- a. Rearrange existing staffing within the building by moving staff into other areas of qualifications. Note: The words qualified and qualifications used in this Article shall be consistent with the current CDE definition of “Highly Qualified”.
 - b. Any staff member who has decided to retire or resign is encouraged to notify the Department of Human Resources in a timely manner.
 - c. Seek volunteers to request leaves of absence in accordance with Article 25 of this Agreement.
 - d. Encourage voluntary transfer requests.
 - e. Seek voluntary reductions in contract if the reduction does not harm the program as determined by the appropriate administrator.
 - f. Seek placement elsewhere in the district, for any teacher(s) within a building impacted by an overage. Any teacher agreeing to the placement shall have the right to be returned to the original placement if a position opens within one (1) year of the reassignment.
- 11.3 If options within the building cannot alleviate the staffing overage and a required placement is necessary, the following approaches will be followed:
- 11.3.1 The least senior (District seniority) staff member qualified in the area of overage will be identified as the staff member to be transferred unless unique program considerations exist. In the event such

unique program considerations do exist, these situations will be treated as exceptions to the rule and must be coordinated with the Department of Human Resources under the steps as written in Article 11.3.2 through 11.3.5.

- 11.3.2 The building administrator will recommend the program need consideration to the appropriate Area Assistant Superintendent and Area Executive Director of Human Resources. The building administrator should consider the following in a program need recommendation:
 - a. Is there a person within the building who could step into this position and is willing, qualified and committed to the defined program need?
 - b. Can another school within the district benefit from this person's talent?
 - c. If the person selected to remain in the assignment leaves the school or district prior to the actual transfer, could the position be filled with existing staff?
- 11.3.3 The teacher(s) directly affected by the decision regarding the program needs recommendations will meet with the appropriate Area Executive Director of Human Resources to review the parties' options and preferences in an effort to reach a mutually agreeable decision which will resolve the staffing issue.
- 11.3.4 If the staffing issue is still unresolved, written formal requests will be submitted by the building administrator, and the teacher(s) directly affected by the decision, to the Assistant Superintendent of Human Resources.
 - a. The building administrator's written request will include rationale for the program needs. The rationale shall include but not be limited to information regarding license, endorsement, desired coursework/training, and scope of position as well as addressing the criteria and considerations as listed in Article 11.3.2.
 - b. The teacher's written request will include teacher's preference, commitment to the program, evidence of preparation, qualifications, coursework/training, license, and ability to teach the defined area.
- 11.3.5 A committee consisting of three (3) Association representatives; one (1) building level administrator, one (1) Area Assistant Superintendent and the Assistant Superintendent of Human Resources will review the overage and make a recommendation to the Superintendent as to which teacher should transfer. Teachers and administrators directly affected by the decision will not be on the committee.
- 11.4 When a teacher is transferred as an overage and the teacher who remained on staff leaves the assignment, the transferred teacher will return to the assignment, if he/she chooses, if the action occurs before the first day of classes in the subsequent school year.
- 11.5 The transferred staff member will be placed in an existing vacancy in the district. The decision regarding placement will be made by the Department of Human Resources staff working with the appropriate Area Assistant Superintendent and building principals. The teacher will indicate the desired/preferred placement which will be considered by Human Resources and the Area Assistant Superintendent. The most positive possible placement will be sought.
- 11.6 The individual forced to transfer will be placed prior to any district-wide posting and hiring in that person's area(s) of license and qualification.
- 11.7 In calculating experience, to determine seniority in the District, the definitions contained in Article 36.3.6 and 36.3.7 found elsewhere in this Agreement, shall apply for purposes of this Article.
 - 11.7.1 The following criteria (in descending order) will be used to determine seniority of staff for requirement placements situations:

- a. Number of years of continuous employment in St. Vrain Valley School District.
 - b. Date employee started work under contract in St. Vrain Valley School District.
 - c. Date contract was approved by Board of Education.
 - d. Years of previous employment under contract in St. Vrain Valley School District.
 - e. Years of previous employment in a licensed position, but not under contract (e.g., substitute) in St. Vrain Valley School District.
 - f. Years of total work experience in St. Vrain Valley School District.
 - g. Longevity in that building or assignment.
- 11.8 If it is not possible to alleviate the overage by transfer into an existing vacancy, it will become necessary to non-renew probationary contracts district-wide in the affected level or assignment in order to provide a placement for the required transfer.
- 11.9 A teacher placed in a required placement assignment may pursue a voluntary transfer later in the hiring season according to standard voluntary transfer procedures.
- 11.10 Staffing New Schools
- 11.10.1 Each new school opening will present a unique set of circumstances. Therefore, flexibility in the staffing process must exist. General requirements throughout the staffing process for a new school are:
- a. Human Resources will oversee the staffing process and timeline for each new school.
 - b. Approved district program needs have first priority with regard to staff selection and transfers. Areas with overages will take precedence over opening positions to other applicants resulting in some required placements. Staff renewal is also a priority when possible.
 - c. The number of staff members transferring to the new school will be limited to protect programs and stability at existing schools. Association and District representatives will review each new school situation and make a recommendation to the Superintendent as to the number of transfers that should take place.
 - d. Currently employed district staff have first opportunity to apply for new school positions in accordance with Article 10, before positions are advertised to external candidates.
 - e. Involuntary transfers will be made as a last resort.
 - f. Qualifications, training, ability, licenses and teacher preference will be factors considered in selecting staff for new schools.

ARTICLE 12 – ACADEMIC FREEDOM AND CONTROVERSIAL ISSUES

- 12.1 The Board recognizes that freedom carries with it responsibility, and that academic freedom also carries with it academic responsibility which is determined by the basic ideals, goals and institutions of the community which comprises the District. Discussions and analysis of controversial issues should be conducted within the framework of the fundamental values of the community as they are expressed in the educational philosophy, objective and adopted curriculum of the District.
- 12.2 Within the preceding frame of reference, and as it pertains to the adopted curriculum, academic freedom in the District is defined as the right:
- to teach about controversial issues;
 - to use materials, which are relevant to the levels of ability and maturity of the students and to the purpose of the District;
 - to maintain a classroom environment which is conducive to the free exchange and examination of ideas; and,
 - to a free expression of conscience by teachers as private citizens while fulfilling the correlative responsibility of a professional presentation of balanced views relating to controversial issues as they are studied in the classroom.

- 12.3 Good teaching embodies the art of keeping students on the right track in the search for truth, seeing that they know admitted facts and a variety of opinions, and establishing the habits of logical thinking and opinion formation. Controversial issues may be presented in classes where such issues are an integral part of the District's adopted curriculum provided they are presented in a manner as free from bias and prejudice as possible. Consistent with the foregoing, the following guidelines are applicable.
- 12.3.1 Controversial issues arise from conflicts with the interests, beliefs, or affiliations of citizens. Such issues involve important proposals or policies about which citizens hold different points of view such as, but not limited to, religion, sex, politics and governmental policies. Most of the District's adopted curriculum is composed of established truths and accepted values. Free discussion of controversial issues is the heart of the democratic process. Freedom of speech and free access to information are among our most cherished traditions. Only through the study of such issues, political, economic, or social, does youth develop abilities needed for citizenship in our democracy.
 - 12.3.2 Without minimizing the importance of established truths and values, the District shall foster dispassionate, scientific studies of controversial issues in an atmosphere as free as possible from bias and prejudice.
 - 12.3.3 The teacher shall strive to serve as an impartial moderator and shall not attempt, either directly or indirectly, to limit or control the judgment of the teacher's students on controversial issues. The teacher shall foster the study of such issues rather than teach a particular viewpoint concerning them.
- 12.4 If complaints by persons other than District administrators arise regarding a teacher's use of educational materials, subject matter, or methodology, they shall be handled by the following orderly process within a timely manner. Employees of the District and the Board, individually or collectively, who receive complaints shall not give formal consideration to them until they have been addressed in the following manner.
- 12.4.1 If the complaint is lodged directly with the teacher, an immediate discussion between the teacher and the complainant is encouraged, with the objective that the concern may be resolved at that level with no further action necessary.
 - 12.4.2 If the complaint is lodged with someone other than the teacher or an administrator, the complaint shall be immediately referred to the Superintendent, or the Superintendent's designee, who will refer it to the teacher and the building principal.
 - 12.4.3 The first effort of a principal or other administrator in dealing with a complaint shall be to allow the teacher involved to seek resolution of the complaint, with or without the involvement of the principal, as circumstances may dictate.
 - 12.4.4 If attempts at informal resolution of the complaint are unsuccessful, the complainant shall be requested to fill out an appropriate District form, after which an attempt shall be made to hold a conference involving the complainant, the teacher, the principal or other administrator, and other appropriate parties. Reasonable efforts shall be made to resolve the complaint at this level.
 - 12.4.5 If the building principal determines further consideration is necessary, the complaint shall be referred to the Assistant Superintendent for Student Achievement who shall decide whether or not temporary restrictions shall be placed on the teacher's use of the materials, subject matter or methodology pending resolution of the complaint.
 - 12.4.6 The Assistant Superintendent for Student Achievement shall select and chair a committee including appropriate representation of teachers, administrators, media specialists and parents or other citizens. This committee shall hear all parties directly involved in the complaint and render its decision in writing to the complainant within ten (10) work days following the hearing.

- 12.4.7 The complainant shall be informed that any further consideration of the matter shall require the Superintendent to arrange for a hearing by the Board at which all parties involved shall be heard along with the complainant. The decision of the Board shall be final.
- 12.5 Complaints concerning the District's selection or use of textbooks or other educational materials previously approved by the Board shall not be governed by the foregoing procedures.

ARTICLE 13 – CURRICULUM AND PROFESSIONAL DEVELOPMENT

- 13.1 The District and Association recognize the importance of ongoing professional development to improve teacher effectiveness and to provide the highest quality instruction for students. Both parties agree that the implementation of such ongoing professional development requires an investment of valuable time and incurs financial costs.

Therefore, when the District designs, adopts and/or implements a District initiative, the District shall prioritize and provide adequate and appropriate training and appropriate time within the contracted time (which includes PLC, faculty meetings, etc.). If training must occur outside contracted time, teachers shall be given the choice of compensation pursuant to the hourly rates set forth in Paragraph 4, Appendix A or District professional development credit.

- 13.1.1 Whenever online training is required by the District as the result of the implementation of District, feeder system or grant driven programs, and time is not available during contracted time, teachers shall be given the choice of compensation pursuant to the hourly rates set forth in Appendix A, Paragraph 4 or District professional development credit.
- 13.1.1.1 Adequate training shall include initial and ongoing training necessary to successfully implement the curricular and/or program changes within the assignment expectations.
- 13.2 Upon the prior written approval of the Assistant Superintendent for Student Achievement or designee, teachers who are authorized to attend curriculum and/or in-service programs outside the District will be reimbursed for their expenses, including travel, lodging and meals at the established rates. Also, it has been the precedent to compensate teachers at the established hourly rate for participation in required curriculum/in-service programs conducted outside the work day, work week or contract year.
- 13.3 Curriculum committees which are established by the Department of Learning Services shall include teacher(s). Such committees shall provide recommendations, including dissenting opinion reports, if any, to the Superintendent concerning new courses of study and appropriate instructional materials for use in the District's curriculum.
- 13.3.1 Curriculum committee work scheduled outside the contracted day shall be voluntary with credit or compensation offered to participants pursuant to the hourly rates set forth in Appendix A, Paragraph 4 or District professional development credit, if offered.
- 13.4 When credit is selected over compensation for required hours, the District's professional development department fee shall be paid for teachers through building and/or District budget(s).

ARTICLE 14 – NON-TEACHING DUTIES

- 14.1 The Board and the Association recognize that a teacher's primary responsibility is to teach and that the teachers' energies should be utilized to that end. Within budgetary limitations, efforts should be made to reduce the non-student contact duties through the use of paraeducators and part-time clerical assistants so that the teacher will have more time to devote to teaching activities.

- 14.2 The District may employ paraeducators for the purpose of assisting teachers by performing secretarial or clerical duties; supervision of lunchrooms, playgrounds, halls or other non-instructional student activities; grading of objective-type tests; and preparation of instructional materials under the direct supervision of a teacher.
- 14.3 A paraeducator who has been selected and approved by the principal should be acceptable to the teacher or group of teachers to which the paraeducator is to be assigned. If the work of the paraeducator is found to be unsatisfactory, a teacher or group of teachers may request the principal and the teachers involved meet with the employee to review performance concerns.
- 14.4 When a principal is required to be absent from the District, another administrator will be designated to assume administrative responsibility for an administrative unit.
- 14.5 When a principal is required to be absent from the building, a teacher may decline to accept the responsibility of being designated “acting principal” during such absences.

ARTICLE 15 – INSTRUCTIONAL MATERIALS

- 15.1 Within budgetary limitations, the Board will endeavor to provide sufficient instructional materials, equipment, and facilities to ensure that each pupil and teacher will have the best possible access to them.
- 15.2 Curriculum committees which are established by the Department of Learning Services shall provide recommendations, including dissenting opinion reports, if any, to the Superintendent concerning appropriate instructional materials for use in the District’s curriculum.

ARTICLE 16 – SPECIALIZED PROGRAMMING

Section 16A – Department of Special Education

- 16.1 Specialized Programming – Department of Special Education.
 - 16.1.1 Specialized services providers in Special Education, as indicated in Section 16A of this Article, includes the following positions: occupational therapists, speech-language pathologists, speech-language pathologist-assistants, teachers of the deaf/hard of hearing, school audiologists, teachers of visual impairment/orientation and mobility, physical therapists, school psychologists, social workers in special education and special education teachers.
- 16.2 The District and the Association recognize that the workload for specialized services providers in Special Education is significant and variable. Designating time to continued professional development as well as teacher directed preparation/collaboration time is needed to meet the demands of the workload.
 - 16.2.1 Specialized services providers in Special Education, as identified in Article 16.1.1, will be granted an extended contract of six (6) days per year, paid at per diem. One (1) of these days will be for the district directed Specialized Programming training which will coincide with the final day of New Teacher Orientation. The remaining five (5) days shall be teacher-directed work days to be used as flex days during the remainder of the school year for these providers to meet the legal duties and responsibilities of IDEA, which includes the administration and delivery of services required by the goals of IEPs for their students. These flex days must be used on non-contact days.
 - 16.2.2 The District and Association recognize the need for student supervision throughout the school day and recognize the value and unique job responsibilities of specialized services providers in Special Education as identified in 1.1.1 and 16.1.1. While specialized services providers in Special Education can be required to perform student supervision duty, there may be situations where their time can be better utilized in other roles during regular duty times. In such cases, specialized

services providers in Special Education and building principals will work together to determine if a different role is warranted during regular duty time.

16.2.2.1 Itinerant specialized services providers in Special Education as identified in 16.1.1 will not be required to perform student supervision duty unless they are required to meet and/or escort identified students.

16.3 Any teacher who is assigned a student who is receiving specialized programming will be given as much notice as feasible of such assignment. The building administration will give consideration to the severity level of students with identified needs when they are placed in classrooms.

16.3.1 In the general education classroom the teacher shall provide accommodations/modifications as stated in the student's individual plan. The general education teacher may request support from the special education team, which may include accessing an instructional coach from the Department of Special Education.

16.3.2 When children with disabilities are re-integrated into a general education classroom from a site-based program, the general education classroom teacher shall be provided with support and services as outlined in the individual plan. Resources may include paraeducator support, assistive technology and/or access to an instructional coach (e.g., behavioral specialist, autism specialist) from the Department of Special Education.

16.3.3 When the building level schedules are developed by the administrator or his or her designee, the severity of special education student needs, the number of classes/levels to be taught, and the total caseload assigned will be considered in order to allow the special education teacher adequate time to fulfill the required duties.

16.4 In the area of Special Education, the Building Special Education Team, which includes, but is not limited to the following roles: teachers, paraeducators, itinerant staff, and the supervising building level administrator, shall provide the general education teacher(s) the appropriate information regarding accommodations, modifications, and individual needs as stated in the student's individual plan, as well as an alternate plan in place for all individual plans in the event that a paraeducator is absent from work or unavailable. This information shall be provided by the appropriate special education case manager at the beginning of each school year and when any change is made to a student's individual plan and/or schedule. When necessary, case managers will consult with building administration and district-level special education administration in regard to student plans.

16.4.1 The Department of Special Education shall provide to the special education team (e.g. the providers of the services) the resources as set forth in the IEP, developed by the IEP Team (special education teacher, classroom teacher(s), parent(s)/guardian(s), and other related services providers as needed). A Special Education Executive Director or designee shall be invited to attend any IEP meeting at which additional financial or personnel resources may be added to the IEP.

16.4.2 The District will compensate all participating employees for student IEP meetings occurring outside of the contract day at the hourly rate in accordance with Appendix A, Section 4. The District will demonstrate a good-faith effort to schedule such meetings during the contract day.

16.5 Specialized services providers in Special Education will have adequate materials, workspace/storage, and access to technologies required to fulfill their duties. Coordination between principals and specialized services providers in Special Education is expected. Requests will be made to ensure that specialized services providers in Special Education have technology as per the district's Learning Technology Plan. Classroom special education teachers will be provided classrooms and accommodations commensurate with the needs of the students being served.

16.5.1 Renewal cost for occupational therapists, speech-language pathologists, teachers of the deaf, teachers of visual impairment/orientation and mobility, physical therapists and school

psychologists required in order for the District to receive reimbursement from Medicaid will be paid by the District on a year-to-year basis contingent upon employment and if the District is participating in the Medicaid reimbursement program for the provided services. Renewal costs will be paid from Medicaid reimbursement funds received by the District. This reimbursement of costs is specific to the Medicaid reimbursement program only and required renewal of any Colorado Department of Education professional licenses is excluded.

16.5.2 The IEP team will consider the impact of a provider's absence on the student's progress and performance and to determine how to ensure the continued provisions of Free Appropriate Public Education (FAPE) in order for a student to continue to progress and meet the annual goals of his/her IEP, whether an interruption of services constitutes a denial of FAPE is an individual determination that must be made on a case-by-case basis.

16.5.2.1 In the event provisions of FAPE are not being met due to a provider's absence, the District will be responsible for obtaining qualified professionals necessary to provide needed makeup services for the student. These services could be provided before or after school, or during vacations or summer recess. The guidance provided by this Article can be applied to any service, including speech language pathologists, audiology, occupational therapists, physical therapists, school psychologists, and school social workers.

16.6 The Association and the District will form the Special Education Leadership Team that will function as the department leadership team and will operate using the collaborative decision-making process outlined in Article 39. This team shall have a maximum of 18-20 participants and must include representation from each feeder. The role of the Special Education Leadership Team will be to move the District forward in serving students as required by IDEA. The Special Education Leadership Team will be responsible for District-level initiatives, goals, professional development, and other topics deemed appropriate by the leadership team. This Special Education Leadership Team will meet in the months of September, November, January and May. The Special Education Leadership Team may modify this meeting schedule with at least one (1) month prior notice. Meeting agenda items will be solicited from all licensed specialized services providers in Special Education at least ten (10) workdays before each meeting and added to the standing agenda items which include: general staffing overview, workload/caseload, legal or legislative updates, and professional development opportunities. The agenda will be sent to all team members at least two (2) work days before the meeting's date. Meeting notes will be sent to all licensed specialized services providers in Special Education within seven (7) days of the meeting after they have been reviewed and approved by all Special Education Leadership Team members.

16.6.1 The District and the Association will facilitate the creation of Specialty Leadership Teams (SLT) to represent the various areas of Special Education. These SLTs will be comprised of educators from across the district and shall facilitate the addition of topics to the Special Education Leadership Team agenda. The SLTs will meet during the months of August, October, December, February, and April and may meet more often if the members elect to do so. The format (virtual or in-person) of the SLT meetings and SLT membership will be decided through the collaborative decision-making process outlined in Article 39.

Examples of Specialty Leadership Teams may include:

- OT/PT
- DHH/TVI/Audiologist
- Psychologists/Social Workers
- SLP
- Elementary Special Education Teachers
- Middle School Special Education Teachers
- High School Special Education Teacher
- Early Childhood and Early Childhood Special Education Teachers

- Center-Based Program Teachers
- Main Street/LSAce

- 16.6.2 Membership on the Special Education Leadership Team will be selected by the members of the various SLTs.
- 16.6.3 Participation on the Special Education Leadership Team will be voluntary. Participants will receive credit from the Office of Professional Development. The unavailability of members shall not delay the work and decision making of the Special Education Leadership Team.
- 16.6.4 The Assistant Superintendent of Special Education or designee will document the meetings, publish the minutes to a dedicated webpage in perpetuity, and distribute, via e-mail, the minutes to all specialized services providers in Special Education.
- 16.6.5 The Assistant Superintendent of Special Education, along with the Special Education Leadership Team, will complete the Office of Professional Development application for earning District professional development/salary credit for participation on the Special Education Leadership Team. Individual team members will be responsible for submitting the necessary paperwork to request approved credit.
- 16.6.6 No person shall take reprisals affecting the employment or working conditions of any participant in this process.
- 16.6.7 The Assistant Superintendent of Special Education or designee will hold two (2) general forums, one (1) in the middle of each semester, for all Specialized Services Providers in Special Education.
- 16.7 The Department of Special Education will provide information and/or training for specialized services providers in Special Education, as identified in Article 16.1.1, on specific specialized programming in the District. The department representative providing the training shall notify the Association upon scheduling such training and the Association President or designee may attend. This training will include applying federal and/or state statutes/regulations and case law, and roles and rights of providers.
- In addition, training will be provided regarding adherence to Article 8 of this Agreement, discipline of special education students, curriculum adaptations and materials, and recommendations of the Special Education Leadership Team.
- 16.8 The special education team shall have an alternative plan in place for all IEPs in the event that a service provider, including a paraeducator, is absent from work or unavailable. The Department of Special Education will assist in the development of a special education paraeducator substitute pool to be accessed when paraeducators are not available due to a leave day or absence. The District and the Association recognize the impact of such absences upon the daily schedules and workload of both the special education and the general education teachers.
- 16.8.1 In the event there are no paraeducator subs which fill open jobs, building administrators will use existing language in Appendix A, Paragraph 4 to provide compensation for teachers who cover classes.
- 16.9 The district and the Association both recognize the importance of workload as a factor in student learning. There is agreement that caseload numbers do not always encompass what is included in a workload analysis.
- 16.9.1 The District and Association will collectively work on determining the components of a specialized services providers in Special Education workload to be considered when identifying and reviewing caseloads. Until an alternative model is identified, the Specialized Services Providers in Special Education Caseload/Workload Memorandum Target Ranges and Staffing Guidelines will continue to be utilized.

16.10 A workload/caseload review will consider the number of students served, disability areas, severity of disabilities, grade levels of students, para educator(s) allocations, and the overall workload of the specialized services provider in Special Education.

16.10.1 It is the responsibility of the Assistant Superintendent of Special Education and other special education leadership to review caseloads by provider during the school year on a quarterly basis. This review consists of running reports from the District's chosen IEP system that identify the following:

- Schools
- Total number of students by Least Restrictive Environment (LRE) percentage
- Total number of students by grade receiving direct and in-direct services from a special education teacher
- Total number of students receiving direct and in-direct services from a specific related services provider (i.e., occupational therapy services)
- Total number of students receiving Speech or Language Impairment (SLI) services

A caseload review will be offered to specialized services providers in Special Education if the quarterly review indicates the provider is outside of the caseload ranges that would be expected for that time of the year in comparison with similar peers.

16.10.2 If a specialized services provider in Special Education believes that the size and/or composition of their caseload is not in the best interest of the students on the caseload, they will meet with the building principal or supervisor to review the caseloads and schedule. The provider making the request for a caseload review may provide the building principal or supervisor with relevant data, which may include the results of the CEA Workload Calculator pilot, supporting their concerns during the review meeting. If, at the building level, a reasonable solution cannot be reached, the area special education Assistant Director and the Association President and/or designee will be involved. Should a request for FTE be required, the Assistant Director will present it at a special education administration team meeting for further review. All requests for FTE will be made by the Assistant Superintendent of Special Education to the Superintendent's Cabinet. The school will be notified of the decision within ten (10) days of their request.

16.10.3 All reviews will be completed within ten (10) work days or less from the date of the request. The teacher(s) will be involved in a follow up meeting to discuss the results of the review and be provided in writing the results of the review. A solution to the need brought forth during the workload review will be collaboratively developed between the employee, the Association president or designee, and the Department of Special Education.

16.10.4 Contracts for specialized services providers in Special Education will be based on 1.0 FTE or equivalency. By mutual agreement, a provider may be assigned an additional class or increased caseload to accommodate the needs of the building or department. In such cases, the supervisor and provider shall follow the procedures outlined in Appendix A, Section 3.3 and the provider's compensation adjusted accordingly.

16.12.1 All specialized services providers in Student Services will have a plan/work time and duty-free lunch during the contracted school day as stated in Article 8, specifically 8.1, 8.4 and 8.5. Specialized services providers in Student Services may, on occasion, need to flex their scheduled plan/work time or duty-free lunch to accommodate student needs. In such cases, the principal/supervisor shall work with the provider to identify an alternative schedule. In the event that an alternative schedule cannot be arranged the provider will be compensated at the hourly rate in accordance with Appendix A, Section 4 or offered flex time.

16.12.2 The duties of specialized services providers in Student Services shall focus on direct and indirect student services that are aligned with Board of Education Policy and best practices.

16.12.3 To ensure quality school counseling programs exist that foster the ability to develop and maintain positive student relationships based on trust and a clear sense of boundary, school counselors will not be unilaterally assigned to roles that require them to administer formal discipline and/or punishments.

16.12.3.1 Under unique circumstances and with prior notice and mutual agreement, the building principal may ask a school counselor to help facilitate disciplinary situations. In such circumstances, school counselors shall be limited to overseeing that student and staff safety are maintained and gathering information regarding the situation to be handed over to the appropriate administrator for final disposition.

16.13 The District will compensate all participating employees for student 504 meetings occurring outside of the contract day at the hourly rate in accordance with Appendix A, Section 4. The District will demonstrate a good-faith effort to schedule such meetings during the contract day.

The implementation of Universal Preschool (UPK) Colorado may provide modifications to existing District placement practices. The Early Childhood Department will continue providing proactive communication to all Preschool staff and opportunities for participation in brainstorming and work groups regarding the implications of UPK within the District. In efforts to be transparent and inclusive of staff voices, the collaborative decision-making process outlined in Article 39 shall be utilized.

ARTICLE 17 – DEPARTMENT CHAIRPERSONS

17.1 In each elementary, middle and senior high school, the need for department chairpersons/team leaders shall be determined by the principal. Each such department chairperson/team leader shall be appointed for one (1) academic year. If possible, such appointment should be made prior to the end of the preceding academic

year. Teachers shall have the right to refuse such appointment. Team leaders will have coordinating and planning functions for their teams and shall serve as liaison between their teams and the principal. They shall not be considered administrative employees.

- 17.2 When feasible, and after consultation with them, department chairpersons and team leaders will be provided with release time commensurate with the responsibilities assigned to them by their principal.

- 18.1 The Board recognizes its responsibility to give reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom and on school premises. Whenever it appears that a particular student is experiencing disciplinary problems and requires the attention of professional specialists, the District will take reasonable steps to assist the teacher with responsibilities related to such student.
- 18.2 The parties recognize that discipline problems are less likely to occur in environments characterized by active student engagement, acceptable student behavior, efficient use of time, established routines and procedures, and consistency in handling interactions with students. The parties likewise recognize that when discipline problems occur, they may most effectively be handled through concerted efforts in understanding the source of the discipline problem and with respect for the individual student.
- 18.3 A teacher may refer a student to the principal or assistant principal when the seriousness of the offense, the persistence of the misbehavior, or the disruptive effect of the violation make the continued presence of the student in the classroom undesirable. In such cases, the teacher will furnish the principal, as promptly as teaching obligations allow, full particulars of the incident. Board JKBA-R Policy will be followed should a student be removed from class. A conference shall be held if the principal determines that it is appropriate.
- 18.4 Each teacher has disciplinary authority over any student on the school premises whether that student is assigned to the teacher or not.
- 18.5 Teachers recognize their responsibility to maintain a positive learning climate within their classrooms, supportive of the educational goals of the District.
- 18.6 Teachers may keep students after school for disciplinary reasons, but not ordinarily for more than thirty (30) minutes. Students who ride school buses may be kept in during the student's lunch instead of after school, unless the teacher or principal has made prior arrangements with the parents.
- 18.7 Board Policy JKD/JKE establishes the policy and procedures of the District for suspensions and expulsions of students.
- 18.8 The principal of each school shall develop student discipline procedures for that school. Such procedures will be set forth in the faculty handbook.  - First year probationary teachers are not eligible.
- 19.3 No more than one (1) student teacher or teacher intern will be assigned to a teacher each academic year.
- 19.4 Any compensation due to a teacher for supervising a student teacher or teacher intern shall be the responsibility of the college or university which sponsors the student teacher or teacher intern. The District will not claim any part of such compensation.
- 19.5 Student teachers who are licensed by the Colorado Department of Education and registered with the Department of Human Resources may substitute for their cooperating teacher in the event of their absence. The decision to use the student teacher as a substitute teacher must be approved by the student teacher, the cooperating teacher and the building administrator in conjunction with the Department of Human Resources. Compensation will be at the current rate of pay for substitute teachers.

ARTICLE 20 – TEACHER PROTECTION FROM ASSAULTS/PERSONAL INJURY LEAVE

- 20.1 A teacher may use such reasonable force as is necessary to protect himself or herself from attack or to prevent injury to another person while the teacher is acting within the scope of the teacher’s employment.
- 20.2 The Board has adopted policies and procedures for handling incidents of assault upon, disorderly conduct toward, harassment of, or any alleged criminal offense directed toward a teacher by a student.
- 20.3 Teachers temporarily absent from work and unable to perform their normal duties as a result of personal injury arising out of and incurred in the course of their employment by the District, and not as a result of their own negligence or disobedience of reasonable rules and regulations, shall be granted personal injury leave of up to thirty (30) work days with full pay on the condition that the amount of any workers’ compensation benefits, or awards made for temporary disabilities due to said injury, are assigned to the District. In the event that a teacher has not recovered from such injury by the 30th work day after it occurred, the teacher may make a written application to the Board for an extension of personal injury leave with pay. Any medical payments received by the teacher from workers’ compensation shall not be assigned to the District.
- 20.4 In consideration of the payment of benefits described in Article 19.3 by the District to any teacher, the teacher shall assign to the District and/or the District’s designee any claims the teacher may have against any person or persons whose actions may have caused the teacher’s temporary absence.

ARTICLE 21 – ANNUAL LEAVE HOURS

The Association and the St. Vrain Valley School District recognize that quality instruction is best achieved by professional, licensed staff and we acknowledge the importance of each instructional day. We honor the commitment to fulfill the terms of attendance for each contract day.

We also understand the unique requirements of staff related to the assessment periods. The Association and the District recognize the importance of being present during these critical times.

- 21.1 For teachers hired prior to the 2017-2018 school year, seventy-seven (77) hours of annual leave will be granted during each year of employment. For new teachers hired beginning with the 2017-2018 school year, forty-nine (49) hours of annual leave will be granted during each year of the first three (3) years of

employment. Upon achieving the fourth consecutive year of employment with the District, teachers hired beginning with the 2017-2018 school year will be granted seventy-seven (77) hours of annual leave during each continuing year of employment. All such hours shall be used at the professional discretion of the teacher. At the beginning of the fourth year of continuous employment with the District, these teachers will receive a one-time allocation of forty-two (42) hours of accrued leave. Hours will be prorated for part-time employees.

- 21.1.1 All annual leave hours are available for use at the beginning of the teacher contract year. However, annual leave hours are earned on a monthly basis at a rate of seven and seven tenths hours (7.7) per month for ten (10) months beginning in August and ending in May. Hours will be prorated for part-time employees.
 - 21.1.2 In the spirit of collaboration and in recognition of the important role that teachers play in providing a quality education, teachers will make every effort to avoid taking annual leave on a Monday, Friday, the last day before or the first day after a holiday, or period of school intermission (three (3) or more consecutive non-contract days as designated on the District calendar).
 - 21.1.3 In the event of an absence on the last day before or the first day after a holiday or period of school intermission the teacher shall submit the absence via the online leave/substitute service as soon as possible prior to the absence in order to minimize the disruption to the learning environment. If the absence is for reasons other than sick leave purposes described in Article 21.4 below or emergency circumstances beyond the control of the teacher, one and one half (1.5) times the actual hours of leave will be deducted from the teacher's annual leave for the absence. If the absence is for reasons described in Article 21.4 below or emergency circumstances beyond the control of the teacher, the teacher shall notify the Human Resources Department or the teacher's immediate supervisor and only the actual hours of leave will be deducted. Such notification shall be made in writing, either electronically via District email or noted in the online leave/substitute service, and submitted prior to the 15th of the month following the date of the absence.
- 21.2 At the end of an academic year, all unused annual leave hours will be added to the individual teacher's accrued sick leave hours unless the teacher requests a payout option as indicated below. Then, only the balance of unused annual leave hours will be added to the individual teacher's accrued sick leave hours.
- 21.2.1 Teachers may request to be paid \$60.00 for each group of seven (7) hours above forty-two (42) hours up to a maximum of thirty-five (35) hours. Any remaining hours after the payout shall then be added to the individual teacher's accrued sick leave hours.
 - 21.2.2 Requests to receive the pay out of hours must be submitted to the Human Resources department on the approved electronic form by the last work day in May of each year. Payment for approved hours will be made in July of each year. If a request for annual leave payout is not made, all remaining annual leave hours will be added to the individual teacher's accrued sick leave hours. (Requests for the payout option will be applied on a prorated basis for less than 1.0 FTE employees.)
 - 21.2.3 Annual leave hours will be zeroed out at the end of the contract year following any eligible addition to accrued sick leave hours and pay out.
- 21.3 Accrued sick leave may only be accessed after all annual leave days have been utilized. In compliance with the Healthy Families and Workplaces Act, §8-13.3-401 et seq., C.R.S., annual leave is treated the same as accrued sick leave when taken for sick leave purposes as set forth in Article 21.4 below.
- 21.4 Accrued sick leave with full pay is only granted if the teacher has available hours. Accrued sick leave with full pay for absence from duty may be granted for the following reasons:

- a. personal mental or physical illness, injury, or health condition or the need to obtain medical care;
- b. the necessary care and attendance for the teacher's family member who has a mental or physical illness, injury or health condition or the need to obtain medical care;
- c. seeking medical attention or related services (consistent with C.R.S. §§ 8-13.3-404 and 24-34-402.7) if the teacher or a member of the teacher's family has been the victim of domestic abuse, sexual assault, or harassment;
- d. the school district has been ordered to close by a public official due to a public health emergency declared by the State of Colorado; or
- e. the school or childcare provider for the teacher's child has been ordered to close by a public official due to a public health emergency declared by the State of Colorado and the teacher needs to be absent from work to care for his or her child.

21.4.1 The term "family member" means a member of the teacher's immediate family (a person who is related by blood, marriage, civil union, or adoption), a child to whom the teacher stands in loco parentis or a person who stood in loco parentis to the teacher when the teacher was a minor, or a person for whom the teacher is responsible for providing or arranging health- or safety-related care. Exceptions may be made by the superintendent, or designee.

21.4.2 If a teacher separates from employment with the school district and is rehired by the school district within six (6) months after the separation, the school district will reinstate any accrued sick leave that the teacher had accrued but not used during the teacher's previous employment and that had not been converted to monetary compensation to the teacher at the time of separation from employment.

21.4.3 In addition to the sick leave generally accrued, on the date a public health emergency is declared by the State of Colorado the school district will supplement each teacher's accrued sick leave as follows:

- a. For teachers, including substitute teachers, who normally work forty or more hours in a week, at least eighty hours; and
- b. For teachers, including substitute teachers, who normally work fewer than forty hours in a week, at least the greater of either the amount of time the teacher is scheduled to work in a fourteen-day period or the amount of time the teacher actually works on average in a fourteen-day period.

The school district may count a teacher's unused accrued sick leave toward the supplemental sick leave.

21.4.4 A teacher may use the supplemental sick leave until four (4) weeks after the official termination or suspension of the public health emergency. Supplemental sick leave under this provision may be taken for the following reasons:

- a. self-isolation or seeking medical care or treatment due to a diagnosis or symptoms of a communicable illness that is the cause of a public health emergency;
- b. caring for a family member who is self-isolating or seeking medical care after being diagnosed or is experiencing symptoms of a communicable illness that is the cause of a public health emergency;
- c. a determination from a local, state, or federal public official or health authority that an employee or a member of the employee's family that the employee cares for poses a risk to the health of others;
- d. caring for a family member when the individual's school or place of care has been physically closed due to a public health emergency; or
- e. an employee's inability to work because of a health condition that may increase susceptibility to or risk of a communicable illness that is the cause of a public health emergency.

21.4.4.1 Documentation is not required to take supplemental sick leave.

21.4.4.2 Teachers will not receive a payout for supplemental sick leave.

21.5 After a teacher has exhausted annual leave and accrued sick leave, the teacher will be paid for the duration of the personal illness or injury of the teacher or their family member until the end of that academic year, whichever occurs first, the difference between the teacher's per diem salary and a per diem rate paid to the teacher's substitute teacher or teachers. This per diem pay formula shall not apply to teachers on unpaid leaves contained in this Agreement.

21.6 Any teacher who resigns or chooses to have a reduction in FTE prior to the end of the academic year shall reimburse the District for the cost of substitutes for annual leave used but not earned.

21.7 Any teacher who is non-renewed for any reason, shall have any remaining hours of annual leave converted to accrued sick leave at the time of notice of non-renewal. Use of such hours will be granted for absence from duty due to personal illness or injury of the teacher or their family member in accordance with Article 21.4 of this Agreement.

21.8 If a teacher is utilizing accrued sick leave and is absent more than four (4) consecutive days for illness a physician's statement of cause and duration will be provided to Human Resources no later than five (5) work days following the absence.

21.9 Teachers retiring through PERA with ten (10) years of service in the District or who leaves the District with twenty (20) or more years of service with the District will receive a payout for each seven (7) hour increment of unused accrued sick leave as indicated on the schedule below up to a maximum of eight hundred seventy-five (875) paid hours.

Teachers retiring through PERA with at least ten (10) years of service in the District shall receive \$60.00 for each seven (7) hour increment of unused accrued sick leave above seventy (70) hours up to a maximum of eight hundred seventy-five (875) paid hours.

Teachers retiring through PERA with at least fifteen (15) years of service in the District shall receive \$70.00 for each seven (7) hour increment of unused accrued sick leave above thirty-five (35) hours up to a maximum of eight hundred seventy-five (875) paid hours.

Teachers who leave the District with at least twenty (20) years of service in the District shall receive \$85.00 for each seven (7) hour increment of unused accrued sick leave up to a maximum of eight hundred seventy-five (875) paid hours.

Teachers who leave the District with at least twenty-five (25) years of service in the District shall receive \$100.00 for each seven (7) hour increment of unused accrued sick leave up to a maximum of eight hundred seventy-five (875) paid hours.

ARTICLE 22 – SICK LEAVE BANK

22.1 The purpose of this Sick Leave Bank is to provide a bank of sick leave hours from which a member may draw in case of extended absences due to illness/disability which renders the member incapable of working.

22.2 All teachers as defined in Article 1.1 in the Agreement, exclusive of foreign exchange teachers, are eligible to join the Sick Leave Bank.

22.3 Each teacher has the option of joining the Sick Leave Bank during the open enrollment period.

- 22.4 Each full-time licensed employee shall contribute seven (7) hours to the Sick Leave Bank. All other licensed employees shall contribute a prorated number of hours based on their FTE (a 0.5 FTE employee would contribute three and one half (3.5) hours).
- 22.5 The minimum number of hours in the Bank shall be one thousand nine hundred fifty (1,950). Should the number of available hours drop below the minimum, each member shall be automatically assessed the number of hours equivalent to their FTE. Notification will be sent prior to assessment. Inability to contribute will not prevent an individual from being a member for the remainder of that school year. The next year the member will be assessed the seven (7) hours to continue their membership in the Sick Leave Bank.
- 22.6 Hours contributed or assessed become part of the Bank and are no longer included in a teacher's current or accumulated sick leave.
- 22.7 A member may terminate membership by submitting a written letter to the Department of Human Resources. However, the hours contributed may not be withdrawn.
- 22.8 Operation and administration of this Bank will be by the Sick Leave Bank Governing Board. This Board will consist of five (5) voting members – three (3) teachers appointed by the Association and two (2) administrators appointed by the Superintendent, both groups for two (2) year terms. A minimum of three (3) voting members must be present to conduct business of which no more than two (2) can be teachers.
- 22.9 Application for use of hours must be made by the member to the Sick Leave Bank, any time prior to but within thirty (30) calendar days after the member returns to work. Applications submitted at a time outside these limits will not be considered by the Bank Board.
- 22.10 The Sick Leave Bank Governing Board will consider only those requests which include all the following:
- 22.10.1 A licensed physician's verification that the illness or disability renders the employee incapable of working.
- 22.10.2 Past history of sick leave use.
- 22.10.3 Actual or anticipated date of return to work.

- 36.3.2 When the Superintendent has determined that a justifiable decrease in the number of teaching positions within a particular endorsement area may occur, and that such a decrease may require the cancellation of the teaching contracts of one (1) or more non-probationary teachers, the Association shall be given notification thereof and shall be provided the opportunity for its representatives to discuss the possibility of such cancellations with the Superintendent. The notification shall include the number of positions to be decreased. The discussion shall also include the rationale for the decrease.
- 36.3.3 When the District has determined that a justifiable decrease in the number of teaching positions within a particular endorsement areas has occurred or is about to occur, the District agrees to make reasonable efforts to avoid canceling the teaching contracts of non-probationary teachers within such endorsement area through consideration of the following means: retirement, resignations, extended leaves-of-absence, changes of assignment, teacher-initiated transfers and District-initiated transfers.
- 36.3.4 If, after having complied with the provisions set forth in Article 36.3.1 through 36.3.3 above, and any applicable government laws, regulations or orders, the District determines that the teaching contract(s) of non-probationary teachers within any endorsement area or areas must be canceled, the non-probationary teacher within the endorsement area or areas affected shall be assigned to one (1) of the following groups:
- 36.3.4.1 Group 1. Teachers with four (4) through six (6) academic years of continuous employment by the District.
 - 36.3.4.2 Group 2. Teachers with seven (7) through nine (9) academic years of continuous employment by the District.
 - 36.3.4.3 Group 3. Teachers with ten (10) through twelve (12) academic years of continuous employment by the District.
 - 36.3.4.4 Group 4. Teachers with thirteen (13) to fifteen (15) academic years of continuous employment by the District.
 - 36.3.4.5 Group 5. Teachers with sixteen (16) to eighteen (18) academic years of continuous employment by the District.
 - 36.3.4.6 Group 6. Teachers with nineteen (19) to twenty-one (21) academic years of continuous employment by the District.
 - 36.3.4.7 Group 7. Teachers with twenty-two (22) to twenty-four (24) academic years of continuous employment by the District.
 - 36.3.4.8 Group 8. Teachers with twenty-five (25) or more academic years of continuous employment by the District.
- 36.3.5 Pursuant to Article 36.3.4 above, the canceling of the teaching contracts shall be as follows: the teaching contracts of all teachers within an endorsement area within Group 1 shall be canceled before any of the teaching contracts of teachers within Group 2 are canceled; the teaching contracts of all teachers within an endorsement area within Group 2 shall be canceled before any of the teaching contracts of teachers within Group 3 are canceled; and so on. A teacher whose contract is considered for cancellation in one (1) endorsement area shall have the option to displace another teacher in a “different endorsement area” if such displacing teacher (a) then holds an endorsement in the “different endorsement area” and then (b) the displaced teacher is in a lower-numbered Group than the displacing teacher.

- 36.3.6 In Article 36.3.4 above, a teacher shall be deemed to have completed an “academic year” of continuous employment as a teacher if such teacher is employed by the District as a certificated employee, including administrator, for more than fifty percent (50%) of the work days during such academic year.
- 36.3.7 In Article 36.3.4 above, “continuous employment” will not be deemed to have been interrupted during the period of any paid leave of absence, long-term unpaid professional leave of absence or unpaid military leave of absence which is granted by the Board. The period of any unpaid leave of absence (other than long-term unpaid professional leave or unpaid military leave) granted by the Board shall not be considered to be an interruption of “continuous employment,” but the time of such unpaid leave shall not be included in determining whether a teacher has accrued an “academic year” for purposes of assignment to a Group.
- 36.3.8 If some but not all of the teaching contracts of teachers within an endorsement area within any Group are to be canceled, the Board shall, in its sole discretion, determine which contract or contracts shall be canceled.
- 36.4 Notice to Individual Teacher
- 36.4.1 If the Board acts to cancel contracts, it shall give written notice of that fact by certified mail, return receipt requested, to each teacher whose contract is being canceled. If the date on which the cancellation of contract is to be effective is the beginning of the academic year, notice thereof shall be given on or before July 1. The notice shall include the date on which the cancellation of contract is to be effective, a statement of the conditions requiring cancellation of contract, a general description of the procedures followed in making the decision, and a disclosure of the general data on which the decision was based. The teacher’s address, as it appears in the teacher’s personnel file maintained in the District’s Office of Human Resources, shall be deemed to be the correct address. It shall be the teacher’s responsibility to ensure that the personnel file maintained at the District’s Educational Service Center contains current and accurate information regarding the teacher’s endorsement or endorsements contained in such file as of twenty (20) days prior to the date on which the Board acts to cancel a teacher’s contract. The District shall have the right to rely upon the accuracy of the teacher’s mailing address as of the date of any mailing made by the District.
- 36.5 Review of Cancellations
- 36.5.1 Within ten (10) days after receiving a notice of cancellation of contract, a teacher may request a review of the action by an arbitrator selected in the manner provided for in Article 5.2.4.2 above. Review may be had solely to determine the following issues:
- 36.5.1.1 Whether there was a rational basis for the Board’s determination that a justifiable decrease in the number of teaching positions was required; or,
- 36.5.1.2 Whether the cancellation procedure provided for in this Article was arbitrarily or capriciously applied; or,
- 36.5.1.3 Whether the decision to cancel the teaching contract of a particular teacher was arbitrary or capricious.
- 36.5.2 The review shall be conducted in accordance with the procedures set forth in Article 5 - Grievance Procedure.
- 36.6 Exclusive Procedure
- 36.6.1 This procedure set forth in this Article is the only District procedure that may be used in cancellation of teaching contracts. No other personnel action other than cancellation of teaching

contracts may be considered under this procedure. The parties agree that the procedures established by this Article, and the hearing provided for under such procedures, shall meet the requirements established by statute and by the Colorado Supreme Court concerning the cancellation of a teacher's contract.

36.7 Reemployment of Non-Probationary Teachers

36.7.1 If a position becomes available in the District in the same endorsement area where non-probationary teachers' contracts have been canceled within one (1) year after the effective date of such cancellation(s), former teacher or teachers will be offered reemployment by the District in the reverse order that their contracts were canceled. When reemployed, the teacher would be placed at the position on the salary schedule earned when cancellation of contract occurred.

36.7.2 Former teachers will be notified of the availability of such positions by certified mail and by any additional form(s) of notice which the District chooses. Such teachers will have three (3) days from the date on which they receive such notice, or seven (7) days from the date on which the certified letter is mailed, whichever is longer, to accept or reject the offer of reemployment.

ARTICLE 37 – TERM OF AGREEMENT

37.1 This Agreement shall become effective on July 1, 2024, and shall remain in effect until June 30, 2026. Negotiations concerning a successor Agreement shall be in accordance with Article 4 and Appendix F.

ARTICLE 38 – REQUEST FOR VARIANCE OF AGREEMENT LANGUAGE

38.1 When plans for improving student achievement alter a schools' programming to the extent that options cannot be developed without violating the Agreement, a Request for Variance must be initiated.

38.1.2 A Variance Review Committee will be established composed of three (3) Association appointees and three (3) District appointees, both groups for two (2) year, staggered terms. All members of the Variance Review Committee shall be provided with release time adequate to perform their duties.

38.1.3 The Principal shall notify the Assistant Superintendent of Human Resources and the President of the Association of the intent to request a variance.

38.2 At a faculty meeting, the specific contract language will be identified and discussed. The discussion should include the ramification of the variation of the cited article and section, what alternative will be implemented, how the alternative would solve the identified problem, and whether the alternative is fair and equitable to all staff.

38.2.1 The requested variance must be supported by a consensus at the site. Consensus as used here means that those impacted by the proposed variance are in agreement with it or at least agree to support it.

38.2.2 Ballots will be prepared by the principal and the Building Association Representative. All teachers assigned to the building will be eligible to vote. The vote will be by a confidential, written ballot and conducted at a faculty meeting. The votes will be tallied by the principal and the Building Association Representative (AR) and reported on the appropriate form. The faculty will be notified of the results of the vote no later than twenty-four (24) hours after the vote. A minimum of two-thirds (2/3) of the teachers must vote in the affirmative to deviate from the contract for the request to be forwarded to the Variance Committee.

38.3 Requests for contract variances will be submitted to the Variance Review Committee charged with the following responsibilities:

- ensure that the resulting action does not violate state or federal regulations or laws.
- consider the impact of requested variances on other parts of the District or its operation.

A copy of the Request for Variance of Agreement Language form is included in the Appendices of this Agreement.

38.4 Each site's requested variance is considered individually and on its own merits. Variances are not precedent setting. Variances are granted by two-thirds (2/3) agreement of the Committee. Variances may be granted for up to two (2) years, with a minimum of yearly evaluation to the Variance Committee. Sites must reapply after two (2) years, if desiring to continue variance, following the process as stated above.

38.5 If the principal and faculty determine that the variance needs to be modified or discontinued, it may be brought to a faculty vote at any time, and then continued through the above stated process.

ARTICLE 39 – COLLABORATIVE DECISION-MAKING

39.1 The District and the Association agree that giving teachers increased responsibility for sharing decisions fosters the collegial exchange of ideas necessary for effective professional practice and enhancement of the learning environment.

39.2 In support of shared decision making the District and Association agree that certain topics will be brought to a collaborative decision-making process in order to reach an end result.

39.3 Collaborative decision-making will be achieved by individual buildings/departments implementing an intentional process for teachers' and administrators' voices and interests to be considered and valued in decisions that will be made, shared, and communicated. Directive shall be defined as decisions made solely by the administration. The types of decisions listed below make up the model that should be developed in the collaborative decision-making process at each building/department.

39.4.1.1 Consensus decisions are made by the impacted group, task force or committee in which the building/department administration is an equal participant. Examples of topics that are generally decided through a consensus process include, but are not limited to:

39.4.2 Teachers and Administrators affected by the outcome will be given an opportunity to be represented in the process. This representation might vary from one (1) topic and/or building to another. (leadership teams, grade level teams, departments, ad hoc committees)

39.4.3 Communication about the issue, process of decision making, and the decision will be shared openly with all affected parties.

39.4.4 Members of the staff will know how to access information regarding the process used in reaching decisions.

39.4.5 The parties recognize that these higher levels of input should result in shared ownership of decisions.

39.4.5.1 No person shall take reprisals affecting the employment or working conditions of any participant in the collaborative decision-making process.

39.5 The parties recognize that training in the collaborative decision-making process will be necessary to successfully implement this process on a consistent basis throughout the District.

 - BA+20: 50% of the Base increase; and,
 - All other education lanes: 75% of the Base increase.
 - 1.3.4 Beginning in the 2020-2021 school year, the base increase, if any, will no longer affect the temporary steps (yellow). In other words, the amount in the temporary steps (yellow) as of 2019-2000 shall not increase, except as stated in Section 1.3.5 below.
 - 1.3.5 If the maximum non-yellow step cell amount will become greater than one (1) or more of the temporary step(s) (yellow) cell amount in that lane, then the temporary step(s) (yellow) will be increased to match the maximum non-yellow step for that lane.
 - 1.3.6 Expiration of temporary steps (yellow) in the Future: Temporary steps (yellow) shall expire and be removed from the salary schedule when no teachers remain in any of the temporary steps (yellow) in the lane and no teachers remain in any temporary steps (yellow) in any of the lanes to the left of the lane.

APPENDIX D

INTEREST BASED COLLABORATIVE NEGOTIATIONS

The parties agree to use the Interest Based Collaborative model for negotiations. All issues involving interests for negotiations will be determined through this process. During the negotiations process, the Negotiations Teams will issue jointly drafted statements on independent logos at mutually agreed upon times and issues.

Should either party wish to discontinue using the model, the stated provisions of Article 4: Negotiating Procedure of the Agreement will be followed.

APPENDIX E

PROCEDURES TO SUPPORT COMPLIANCE WITH ARTICLE 7 – TEACHER FILES

A written complaint against a teacher may not be placed in a teacher's personnel file without the knowledge of the teacher. Knowledge is proven by the teacher's signature on the complaint or a witness' signature on the complaint that stated the teacher refused to sign. (Note: It should be remembered that a signature does not indicate agreement, but rather just awareness of the complaint.)

When an administrator receives a complaint about a teacher, it should always be shared with the teacher and the teacher should be given the opportunity to reply to the complaint. In other words, the administrator should have both sides of the issue before making a decision about placing a written complaint in a teacher's personnel file. (Note: It should also be remembered that the only official personnel file is the file housed in the Department of Human Resources at the Educational Service Center.)

Once a complaint has been received and it has been discussed with the teacher to obtain the teacher's view of the issue, the administrator may talk with other individuals who may provide additional information regarding the validity of the complaint. If after these discussions, the administrator decides a complaint is valid, the original complaint, signature, etc. should be placed in the teacher's personnel file in the Department of Human Resources.

Parents/patrons who have a complaint against a teacher should be encouraged to put the complaint in writing. It is too easy to complain verbally about someone's shortcomings. If the complainant's concern is significant enough, the complainant should be willing to submit the complaint in writing. A complaint in writing serves several purposes:

1. It has a tendency to eliminate a large number of frivolous complaints.
2. It prevents the complainant from claiming the administrator misinterpreted what was said.
3. The teacher realizes that the complaint has not been manufactured but is real.
4. It prevents the complainant from denying the complaint was registered when things become confrontative.

APPENDIX F

SALARY NEGOTIATIONS

- 1.1 It is understood that this Agreement expires June 30, 2026. All compensation and insurance matters including whether education lanes and an experience step shall be granted or withheld, will be subject to negotiations for the 2024-2025 school year. The Association or the District may follow the process set forth in Article 4 to conduct negotiations concerning a successor Agreement relative to all compensation and insurance matters not later than March 1, 2025.

- 1.2 Pursuant to Section 22-32-110(5), C.R.S., the Superintendent and Board may also reopen a portion of negotiations related to salaries and benefits as may be necessary as a result of the legal budget adoption process. The negotiations conducted then shall be commenced not later than fifteen (15) calendar days from the request to open negotiations and negotiations shall terminate not later than forty-five (45) calendar days after such request. The parties may extend the termination date by mutual consent. It shall be the duty of both parties to negotiate in a timely fashion and in good faith. Notwithstanding the dates above, the procedures set forth in Article 4 shall apply. To the extent that this Agreement creates a multi-fiscal year financial obligation for the District which would be subject to TABOR, these financial obligations shall be subject to annual appropriation pursuant to Article XX, Section 10 of the Colorado Constitution.

APPENDIX G

RESERVES

1. That all ending fund balances be appropriated as a beginning fund balance.
2. District reserves will not exceed four percent (4%) of the General Fund budget and will be calculated by the established CDE formula.
3. The issue of reserves as stated above will not be a subject of negotiations unless the District faces significant decreases in revenues.

APPENDIX H

PROCEDURES FOR ITINERANT EMPLOYEES

Each traveling specialist must be given fifteen (15) minutes to set up and break down in preparation for or in conclusion of instruction.

Travel time allocated to specialists will be dependent on the distance between assignments - longer distances will be allotted a greater number of minutes for travel time than shorter distances.

Principals will work closely with their Art, Music, and P.E. teachers as well as with each other when designing the schedules for the specialists in their respective buildings.

Participation in Summer Professional Development Activities

The Association and the District recognize that teachers who have the opportunity to engage in summer professional development activities (group classes, courses), do this strictly on a voluntary basis. Teachers have the right to say no concerning their summer time without reprisal, retaliation or repercussion for a decision not to participate in a summer activity related to professional development. We believe attempts should be made to collect/save activity materials and to inform those who could not participate in order to keep everyone current on professional development activities.

MEMORANDUM OF UNDERSTANDING

(Effective: July 2016)

(Revised: July 2023)

Building/District-level Department Leadership and Climate Survey

The Association and District agree that teacher and special service provider feedback regarding the overall climate within each building and District-level department will lead to achieving and maintaining highly effective schools and programs and improving communication between licensed staff and administration. To that end, it is agreed that an annual leadership and climate survey will be administered by the District. This survey will be an anonymous online survey administered by the Department of Human Resources and will include two separate sections as defined below.

Section I – Leadership Survey

1. Section I of the survey will gather feedback from teachers and special service providers to be used in the evaluation process for the site principal and District-level department administrators to meet the requirements of SB 10-191. The survey will identify the principal/administrator for whom the feedback is being provided and the questions will be aligned with the Colorado Department of Education Principal Quality Standards and District-designed leadership standards utilized in the evaluation process.
2. Responses from Section I of the survey will only be discussed with individual building/District-level department administrators by the appropriate supervisor and used in the administrator’s annual evaluation process.

Section II– Climate Survey

1. Section II of the survey will gather feedback from teachers and special service providers regarding the overall climate in any/all individual buildings and District-level departments which an individual is assigned. The survey will include the following three (3) open-ended questions:
 - A. What is working well in your school/department?
 - B. What are areas of concern?
 - C. What thing, if changed, would most improve the success of your school/department?
2. Responses from Section II of the survey will be shared with and discussed with individual building/District-level department administrators by the appropriate supervisor. Themes, based on the responses, will be

identified for each question. The identified themes for each question will be shared with the Association by each supervisor. The themes, and any school/District-level department improvement impact, will be shared with and discussed with the building/District-level department leadership team. An overview of the specific themes for each question and any school improvement impact will then be shared with all licensed employees at the building/District-level department before the end of the school year in which the survey was taken with the opportunity for discussion at the building/District-level department. Use of a facilitator is encouraged.

3. Survey responses from Section II should be limited to matters regarding building/District-level department climate and not attributed to any individuals or groups. Any responses including individual or group names and/or attributed to specific individuals or groups will be filtered for use in the survey data.

The Leadership and Climate survey will be made available to all licensed employees during the window beginning with the first contract day after Thanksgiving break and ending on the last contract day before Winter break. The survey will be open for individual responses for a period of three (3) weeks as announced prior to the survey window in a staff meeting and followed up by email with the survey link from the Department of Human Resources. At least fifteen (15) minutes will be allocated to the staff to complete the survey during a Late Start or scheduled supervisor directed meeting.

Stipends for Performing Arts Teachers

The Association and the District recognize that performing arts (orchestra, band, choir, theater) teachers are required to provide instruction and student supervision for public performances that are outside the regular contract day. Therefore, it is agreed that these teachers shall be compensated for this extra work during the 2024-2025 school year with an annual stipend, as indicated below, so long as the listed requirements are met. This MOU shall be in full force and effect for the 2024-2025 school year only.

- \$2,000 for all high school and Lyons Middle/Senior High School performing arts teachers

The stipend will be paid as long as the employee remains employed in the 2024-2025 school year by the District in a qualifying performing arts teaching assignment. This pay is considered part of their salary for work performed and is PERA includable. This stipend is to be considered in addition to hours that performing arts teachers are currently being allocated and paid through timecards.

Innovation and Technical Programs Compensation Task Force v2.0

The Association and District recognize that quality instruction in the District’s broadening innovation and technical career programs is best achieved by experienced career and technical professionals serving as teachers. Many of these professionals are hired as teachers for these programs from businesses and industries specializing in their unique career fields rather than through traditional educator licensure programs. Opportunities for competitive compensation and career advancement for such individuals are often limited by the constraints of the traditional teacher salary schedule making it difficult to attract and retain the highest quality teachers for these programs.

Therefore, it is agreed that an Innovation and Technical Programs Compensation Task Force v2.0 will be established in the fall of the 2023-2024 school year to continue exploring and investigating alternative methods for placing and advancing teachers in the District’s innovation and technical career programs through the Teachers’ Salary Schedule. These options may include but are not limited to means beyond the traditional credit hour/year advancement process as outlined in Article 34.

The make-up of the task force and structure of the discussions will be determined mutually by the President of the St. Vrain Valley Education Association and the Assistant Superintendent of Human Resources. This joint task force will be established not later than September 15, 2023 and engage in its work during the fall of 2023. The task force

will submit findings and recommendations regarding alternative compensation opportunities to the negotiation teams for the Association and District by the end of February 2024.

AI Enhanced Self-Reflection Process Pilot

The District and the Association agree that for the 2024-2025 school year there will be a pilot of an AI Enhanced version of the Self-Reflection Process as outlined in Article 6.2.4.2

Second and Third Year Probationary and Non-probationary Teachers who received an overall rating of Effective or Highly Effective may use an AI Enhanced Self-Reflection platform to support teacher selected and principal selected goals based on standards and/or elements from the appropriate rubric. In this platform teachers will upload videos of their instruction to a private portal where an AI facilitator will lead them to analyze their practice and enact upon new learnings from their reflection.

At the mid-year review meeting, the teacher will submit a self-reflection that includes progress on the Professional Growth Goals/MSL Plan to the evaluator. The AI Enhanced Self-Reflection report generated by the AI program may be used as the mid-year self-reflection.

The teacher will submit a final self-reflection (update of initial reflection) to the evaluator at the end of the year. The length of the self-reflection is determined by the teacher. The final self-reflection will be the teacher's evaluation summary. The AI Enhanced Self-Reflection report generated by the AI program may be used as the final self-reflection and evaluation summary.

MEMORANDUM OF UNDERSTANDING

Teachers' Hourly Rate for Extra Work Review and Study

The Association and the District recognize that the current \$30.00 hourly rate identified in Appendix A of the Agreement is used for compensating extra work of teachers beyond the specified areas indicated in the Agreement. It is further understood that when considering an increase to this hourly rate it is necessary to determine the total financial impact the increase would have on the individual schools and programs utilizing the hourly rate for additional teacher compensation and to the overall District budget. To that end, it is agreed that the District will conduct a complete review and study to determine the total District-wide cost associated with the current \$30.00 hourly rate based on FY2024 program budgets and expenditures. The District will also provide the projected costs and financial impacts of increasing the hourly rate from the current \$30.00 per hour to \$35.00, \$40.00 and \$45.00 per hour.

The review and study will commence at the conclusion of the 2024-2025 school year and the results presented to District and Association leadership upon completion, not later than December 2, 2024.

Support for Implementation of Article 39 – Collaborative Decision Making

The District and the Association agree that the successful implementation of Article 39 at individual building sites throughout the District will foster a collegial exchange of ideas where teachers' and administrators' voices and interests will be considered and valued in decisions leading to effective professional practice and enhancement of the learning environment.

In support of the implementation of this Article, it is necessary to design a plan to address the training needs of individual buildings and develop a model for evaluation to assess the successful implementation of the Collaborative Decision Making process at individual buildings. To that end, the parties agree to the following:

- A. Training opportunities will be explored with the District, the Association and the Office of Professional Development.

- B. Evaluative opportunities/models shall be explored with the District and the Association and reported in writing to the Association and District negotiations teams.

NOTES: Finding the necessary time for training is an obvious barrier to successful implementation. Transition, planning, and reflection are essential to the success of the program.

2015-2016 New Salary Schedule Experience Step Placement Guidelines

Regular teachers will be placed on the experience step location on the new salary schedule based on their current step location and steps given according to these placement guidelines. Educational lane placement will be based on BOE policy GCB in combination with current HR practices. Regular teachers' salaries are determined solely by the value of their cell placement (qualified experience and education) on the new salary schedule.

Parameters for Setting Initial Salary Step Placement – Effective for the 2015-2016 School Year Only

- For the purposes of this salary schedule placement, a regular teacher is a person who is regularly licensed with a certified contract. Under no circumstances will the following positions be considered a regular teacher: Substitute teachers (except for permanent substitutes on a teaching contract) and one hundred ten (110) or one hundred forty (140) day retirees.
- Regular teachers may be granted up to no more than three (3) years of experience for the 2009-2010, 2010-2011, and 2011-2012 school years, as reflected in step placement for the years 2010-2011, 2011-2012, and 2012-2013. Years of experience prior to 2009-2010 that were not previously credited shall not be considered during this placement. Initial placement on the new salary schedule is for the 2015-2016 school year ONLY. Nothing in this placement process shall result in any retroactive payments.
- Under no circumstance will a regular teacher be placed more than three (3) steps higher in 2015-2016 than they are currently placed in 2014-2015, as a result of the transition to the new salary schedule (prior to any negotiations for 2015-2016).
- Prior experience outside the district must meet the following criteria in order to be granted qualified experience: worked for a full-year in a 1.0 full time equivalent (FTE) certified teacher position from an accredited public school. Under no circumstance will a regular teacher receive experience credit for private, international, unaccredited or homeschool teaching experience.
- At no time should a regular teacher be placed on an experience step that is higher than the total number of years of experience they have as a regular teacher or administrator.
- District regular teachers who were on a leave of absence or a late hire and worked ninety-two (92) or more work days per year during the 2009-2010, 2010-2011, and/or 2011-2012 school years will be granted corresponding qualified year(s) of experience.

These guidelines are for initial placement of existing, active St. Vrain Valley regular teachers effective for the 2015-2016 school year only. These guidelines are not intended for any other purpose and do not modify other past practices or District policies.

Guidelines for initial placement of existing, active regular teachers on the New Salary Schedule for the 2015-2016 school year:

Current certified teachers in St. Vrain Valley Schools (who held a *regular* teacher position and worked ninety-two (92) or more work days in 2014-2015) who have been offered and accepted a *regular* teacher contract for 2015-2016 will be placed on the new salary schedule in 2015-16 (prior to any negotiations for the 2015-2016) from their current step as follows:

- Regular teachers *hired prior* to the 2010-2011 school year and continuously employed in St. Vrain Valley Schools since then may receive up to no more than three (3) years of St. Vrain teaching experience. A teacher must have worked in a *regular* teacher position for ninety-two (92) or more work days per year during the 2009-2010, 2010-2011, and/or 2011-2012 school years.
- Teachers *newly hired* in a regular teacher position for the 2010-2011 school year and continuously employed in St. Vrain Valley Schools since then may receive in 2015-2016, up to no more than two (2) years of St. Vrain teaching experience for 2011-2012 and 2012-2013 school year if they had a *regular* teacher position and

worked for ninety-two (92) or more work days per year for the 2010-2011 and/or 2011-2012 school years, plus up to no more than one (1) year experience credit from prior qualified experience not credited at hire.

- Teachers *newly hired* in a regular teacher position for the 2011-2012 school year and continuously employed in St. Vrain Valley Schools since then may receive in 2015-2016, up to no more than one (1) year of St. Vrain teaching experience for 2012-2013 school year if they had a *regular* teacher position and worked for ninety-two (92) or more work days for the 2011-2012 school year, plus up to no more than two (2) years of experience credit from prior qualified experience not credited at hire.
- Teachers *newly hired* in a *regular* teacher position for the 2012-2013, 2013-2014, or 2014-2015 school year may receive in 2015-2016 up to no more than three (3) years of experience credit for prior qualified experience not credited at hire. If these teachers are non-renewed at the end of 2014-2015 and rehired for the first teacher contract day of 2015-2016, then they maintain their initial placement on the new salary schedule (and any step granted from negotiations for 2015-2016 if they worked for ninety-two (92) or more work days in 2014-2015). If these teachers are non-renewed at the end of 2014-2015 and rehired as a Late Hire for 2015-2016, their salary will be set as an initial hire in 2015-2016 which is consistent with past practice.

After the 2015-2016 negotiated compensation agreement, if a teacher's cell placement amount on the new schedule in 2015-2016 indicates a lower amount than their cell placement amount on the 2014-2015 salary schedule for the same position and hours, the District will make up the difference in the form of a one-time extra pay 2015-2016, in proportion to their FTE. This pay is considered part of their salary and is PERA-includable.

Licensed Staff Evaluation 2017-2018

THE ST. VRAIN VALLEY EDUCATION ASSOCIATION AND THE ST. VRAIN VALLEY SCHOOL DISTRICT NO. RE-1J MUTUALLY AGREE THAT THE FOLLOWING LANGUAGE SHALL BE EFFECTIVE FOR THE 2017-2018 SCHOOL YEAR REPLACING ARTICLE 6.2.4 OF THIS AGREEMENT.

The purpose for the licensed staff evaluation is to enhance student achievement as well as strengthen professional development. The evaluation process will allow evaluators and certified employees to engage in a more rewarding conversation as well as a more meaningful experience. We appreciate your commitment to the District.

Evaluation Process

For the school year, probationary or non-probationary staff with an overall rating of Effective or Highly Effective will have the option to be evaluated using one (1) of the following options. These ALTERNATIVE OPTIONS will be available to second and third year probationary and non-probationary licensed staff with evaluator approval. However, a licensed staff may request at the beginning of the year to be evaluated on the full rubric.

The evaluator has the final say as to which evaluation tool to use: SVVSD Teacher Rubric, RANDA (for Special Services Providers only), Narrative Form (four (4) quadrants) and Alternative Options.

Below are the guidelines as to who is eligible for the Alternative Options and those who will be evaluated using RANDA (State Model) or the SVVSD Teacher Rubric.

Per the negotiated Agreement 6.2.1 - All probationary licensed staff shall receive a minimum of two (2) formal observations and all non-probationary licensed staff will receive a minimum of one (1) formal observation and one (1) informal observation.

The evaluator will still conduct a mid-year meeting and complete a final written evaluation for all certified staff.

RANDA - Special Services Providers (SSP) in their first year in St. Vrain, non-probationary (SSP) on an improvement plan, and non-probationary (SSP) on a remediation plan will be evaluated in RANDA using the full evaluation process and the *ENTIRE* rubric.

Evaluators may also choose to evaluate a probationary or non-probationary licensed staff in RANDA at the beginning of the year.

Alternative Options

Any licensed staff who was evaluated in St. Vrain and received an Effective or Highly Effective rating may select an Alternative Option. Licensed staff who select an Alternative Option will retain their evaluation ratings from 2016-2017 for the 2017-2018 school year. Licensed staff members must request the option by October 15th. With evaluator approval, licensed staff may select an Alternative Option for two (2) consecutive years. After two (2) years, the licensed staff will then be evaluated on either RANDA (State Model) or the SVVSD Teacher Rubric.

Evaluators may choose to evaluate any probationary or non-probationary staff in RANDA or the SVVSD Teacher Rubric on the full rubric by Mid-Year Review. In order for this to take place an evaluator must have had conversations throughout the first semester regarding any concerns.

Option 1 (Observations and Walk-through Process) – *(Any licensed staff who was evaluated in St. Vrain and received an overall rating of Effective or Highly Effective)*

Staff may work collaboratively with their evaluator in determining which elements to focus on for the year. The licensed staff will select one (1) element (goal), evaluators will select one (1) element (goal), and the third and fourth goals will be measures of student learning and mutually agreed upon between the evaluator and licensed staff. The elements (goals) which are selected will be part of the licensed staff's Professional Growth/MSL plan.

At mid-year the evaluator and licensed staff will meet to discuss the progress on the Professional Growth/MSL Plan.

Option 2 (Self-Reflection Process) – *(Second and Third Year Probationary and Non-probationary Licensed staff, who received an overall rating of Effective or Highly Effective)*

The licensed staff will submit a Professional Growth/MSL Plan to the administrator. The growth plan must have four (4) elements (goals) to focus on for the year. The licensed staff will select one (1) element (goal), evaluators will select one (1) element (goal), and the third and fourth goals will be measures of student learning and mutually agreed upon between the evaluator and licensed staff. The licensed staff will complete a self-reflection at mid-year and will meet with the evaluator to discuss. A final self-reflection (update of initial reflection) will be submitted to the evaluator at the end of the year. The length of the self-reflection is determined by the licensed staff. The final self-reflection will be the licensed staff evaluation summary.

Option 3 (Peer Observer Process) – *(Second and Third Year Probationary and Non-probationary Licensed staff, who received an overall rating of Effective or Highly Effective)*

Second and Third Year Probationary and Non-probationary licensed staff with an Effective or Highly Effective rating may request to be observed by a peer and may also volunteer to be a peer observer. Peer observers will use their plan time to meet with their colleague for a pre-observation meeting, conduct a formal observation and have a post-observation meeting within seven (7) work days.

The administrator will conduct a mid-year meeting and the following will be discussed:

- The administrator's informal observation
- Reflection on the peer formal observation
- Progress on Professional Growth/MSL Plan

The peer observer or licensed staff will submit dates and times of the observation(s) to the evaluator to be included in the final evaluation summary. At the mid-year and end of the year review the licensed staff will submit a self-reflection to the evaluator. The length of the self-reflection is determined by the licensed staff. The self-reflection will be the licensed staff evaluation summary.

Non-probationary licensed staff will receive a minimum of one (1) informal observation from their administrator. The peer observer will complete a formal observation.

To support peer observers, the district is offering peer observation training. Due to the time commitment for the observation(s) and training, the district will provide one-half (0.50) staff development credit for each peer evaluator. (No extra-duty pay or class coverage will be provided by the district).

Innovation and Technical Programs Compensation Task Force

The Association and District recognize that quality instruction in the District's broadening innovation and technical career programs is best achieved by experienced career and technical professionals serving as instructors. Many of

these professionals are hired as instructors for these programs from businesses and industries specializing in their unique career fields rather than through traditional educator licensure programs. Opportunities for competitive compensation and career advancement for such individuals are often limited by the constraints of the traditional teacher salary schedule making it difficult to attract and retain the highest quality instructors for these programs.

Therefore, it is agreed that an Innovation and Technical Programs Compensation Task Force will be established in the fall of the 2022-2023 school year to explore and investigate alternative compensation opportunities for instructors in the District's innovation and technical career programs. The task force will conduct its work with specific emphasis on competitive compensation programs that recognizes the unique expertise and experience these employees bring to the position, as well as programs that provide opportunities for career advancement and competitive compensation throughout their employment with the District.

The make-up of the task force and structure of the discussions will be determined mutually by the President of the St. Vrain Valley Education Association and the Assistant Superintendent of Human Resources. This joint task force will be established not later than September 15, 2022 and engage in its work during the fall of 2022. The task force will submit findings and recommendations regarding alternative compensation opportunities to the negotiation teams for the Association and District by the end of February 2023.

Class Coverage and Fill-In Pay

“Class Coverage” pay occurs in situations when the District is unable to secure a substitute teacher for an absent teacher, and the affected students are assigned to another teacher/teachers while the teacher has their own students. The total amount to be paid per occurrence shall be divided equally among the teacher/teachers who are assigned additional students from the absent teacher.

“Fill-in” pay occurs in situations when the District is unable to secure a substitute teacher for an absent teacher. The building leadership team will use the collaborative process as outlined in Article 39 to determine how teachers and building-based special services providers may volunteer to fill in classes. In the absence of volunteers, the principal may assign one or more teachers or building-based special services providers, during their lunch and/or planning time, to “fill-in” for the absent teacher.
